The autocrat of the breakfast table

Fastidious appetites of old age find delight and satisfaction in Puffed Wheat

EXACTING and fastidious is the appetite of old age. It is the autocrat of the breakfast table. It demands a food that will not tax a delicate digestive system and finds it in Puffed Wheat—the food with the flavour of nut meats.

Digestion must be made easy for old age—assimilation must be assisted in every way. Quaker Puffed Wheat performs this mission. Exploded to eight times normal size, it contains all the nourishment of the whole wheat in an easily digestible form—a balanced combination of bran, minerals and carbohydrates. All cooked, ready to serve.

Served with milk or cream, these light, wholesome grains form a dish that is delectably alluring and wholesome. A package will prove it. For variety's sake, order the packages in pairs—one of Puffed Rice and one of Puffed Wheat.

For The Children Too

Quaker Puffed Rice and Quaker Puffed Wheat are a delight to children, too. They eat them as avidly as candy, and no little stomach ever suffered from too much.
