except the income derived from the operation of land in rural municipalities of persons residing upon said land.

3.—License.—That iteenses be used as a basis of revenue in all cases where such is necessary to reach business of a temporary character.

4.—Provincial revenue.—That moneys required by the provincial government from each municipality be obtained by the provincial government imposing a levy based upon an equalized assessment of the land and belongs of the municipalities of Manitoba, and

Collection—That all taxes on real property and income be collected by the municipalities. DUESTIONS FOR

mportant Matter for Debating Series in the West for

Winnipeg, Oct. 20—Arrangements are now under way for a strenuous season of debating by the five hundred locals of the United Farmers of Manitoba and starting early in December they will debate the advisability of the nationalization of the medical profession and the application of proportional representation in the provincial government along the lines of six rural constituencies with five members each, with Winnipeg, including St. Boniface and suburban municipalities, two contituencies with seven members each. These two subjects, with six others comprise the programme of the district lebating series for the coming winter. The other subjects listed for debate re:—

1.—Resolved that direct taxation hould be substituted for all forms of direct taxation now in operation in

proposals are:—
1.—Acal property—That real property continue to be used as the basis of taxation, land at value and belonging at two-thirds value, in villages, town and cities; land at value in rural municipalities.

Classical Education in American Secondary Schools to be Investigated.

Princeton, N. J., Oct. 21—The su of \$10,000 is now available for invest gation of classical education in Amer can secondary schools, it was announced

The High-Standard mark of Home Dyeing has been reached by the SUNSET Way.

SUNSET is just one more triumph of Modern Science applied to an old Household Art.

Women who previously could not be prevailed upon to even consider home dyeing in any shape or form have become delighted and enthusiastic converts to the Modern SUNSET Way of reclaiming old garments and draperies and of developing rare and beautiful color schemes with inexpensively purchased

SUNSET dyes silk, wool, cotton, linen or mixed goods permanently, in one dye bath, renews the life of fabrics and gives them new and interesting color. It cleans while it dyes. It's a REAL Dye

FOR THE PARTICULAR MAN

MAN
. Men who are particular exercise much care in the selection of furnishings— especially in the choice of Shirts.

We like to sell shirts to them, because those we sell are good, and there is no difficulty in explaining such goodness to the man who knows— and who chooses knowingly.

Such Shirts as Forsyth's, Tooke's, Arrow, are too well known to need our testimony.

We have them in a broad assortment of patterns and colorings.

y Andrew Fleming West, Dean of the rinceton Graduate School, who is resident of the American Classical tague. Dean West's statement fol-

League. Dean West's statement follows:

"The General Education Board has just appropriated \$50,000 to continue and complete the investigation of classical education in American secondary schools. This is in addition to the \$60,000 previously appropriated, making a total of \$110,000. The investigation is being conducted by the American Classical League and will be completed by Jan. 1, 1924.

"About 125,000 pupils in about 750 schools, distributed through every state in the United States, are being tested for a period of two years. Many special studies and controlled experiments are under way. The United States Bureau of Education, the College Entrance Examination Board, the Department of Education for the State of New York, together with other educational bodies

together with other educational bodies and seventeen leading professors of education or psychology, are also cooperating in the work. About 7,000 teachers of the classiss, English, French and history have given their services without compensation to help in conducting the investigation. It is a free-will offering unmatched in the educational history of our country. Valuable information regarding changes and
