## The Food Supply

### Newfoundland Codfish Should be in Demand

The world's food supply is bound to suffer a great shortage owing to the war. The countries at war are hoarding all their food for their own use, and consequently none is exported. Newfoundland fish, being a splendid article of food, should be in good demand, and a good price should be obtainable.

When a shortage occurs in one or several lines of food products, people are bound to turn to another. But in order to get the best price for our fish there must be mutual cooperation between the fishermen and the exporters, and the latter must see that the fish is marketed in such a way and at such a time as will bring the best results.

We notice a letter in the St. John's press on Saturday from Messrs. C. T. Bennett & Co., of Bristol, stating that the policy of sending four steamer loads of fish to a month is suicidal. It goes on to state that if we hope to maintain present prices, shipments must be regulated. The four steamers will carry approximately 80,000 qtls codfish.

It seems to us that the fishermen of this country will have to do what the farmers of Canada and other agricultural countries are doing, cooperate in the catching, curing and exportation of their fish.

In the Province of Alberta they have what is known as 'The Farmers' Co-operative.' The primary object of this organization is to secure a better market for farmers' products. Then they have in the same province 'The Alberta Farmers Co-operative Elevator Co.' with 50 local branches, each owning a grain elevator, holding from 120,000 to 500,000 bushels of grain. During 1914-30 more local branches with elevators will be formed. Under the Act the Government gives a loan of 85 per cent. of the value repayable in 20 years. The first season's work has been much more successful than was ever anticipated.

The traitor during the present hour is he who reaches out for greedy profits from his country's misfortunes.

Mr. Leonard Field, son of Rev. G. H. Field, has secured a position with the local branch of the Bank of Nova Scotia.

A Memorial Service in memory of the late Capt. Nath. Mercer will be held at Central Methodist Church on Sunday afternoon, Nov. 15th, at 3 p.m.

This is an age and this is the time when a great deal of chaffing of old intelligence under old restrictions is witnessed. A good sign this.

In the first line of the third last paragraph of Mr. Hubley's article continued in last week's issue, through a typographical error Prussia was given instead of Russia.

When men cease to ask, 'What am I to get?' and begin to say, 'What can I give?' then we shall see a new Heaven and a new earth wherein dwalleth righteousness.—Ivan Maclaren.

As a squadron of German ships were retreating before the British ships in the North Sea recently, one of the German ships threw a mine overboard, into which a British submarine ran and she was blown up and sunk.

All Russian exports of food products have been stopped. Large quantities of butter are shipped from Siberia, the amount for 1913 being 64,938 tons. Half of this went to England and the balance to Germany. Russian exports of eggs for the same year were more than 300,000,000.

## HOT DRINKS

And something to eat with it, is the latest feature at Thomson's Drug Store. Next time you are out shopping call in and have something hot. HOT DRINKS 5 cents and 10 cents. At Thomson's Drug Store, opp. Bank of Nova Scotia.

If philanthropists spent as much time, thought and energy in trying to correct some of the evils underlying our social, industrial and economic system (which in a great many cases is the cause of so much sorrow and poverty) as they do in relieving the victims of these evils, they would be doing a far greater and more practical good to humanity. They are too prone to overlook the treatment of the cause and merely treat the effect. It should be the other way about.

## Our Naval Reservists

In addition to the list of Naval Reservists belonging to Bay Roberts and vicinity who have enlisted in His Majesty's Navy, and published in last week's issue, the response to our request to be furnished with the names of any others has been general. ## Self and Sex Books

They cost only \$1.00 a copy. It will be the best investment you have ever made. Read what the Rev. F. B. Meyer, B. A., of London, England, has to say regarding these books:

"The questions which are dealt with in the 'Self and Sex Series' of books are always being asked, and if the answer is not forthcoming from pure and wise lips it will be obtained through vicious and empirical channels. I therefore greatly commend this series of books, which are written lucidly and purely, and will afford the necessary information without pandering to unwholesome and sensual passions. I should like to see a wide and judicious distribution of this literature among Christian circles."

## FISHERY GEAR.

WE ARE MANUFACTURERS OF THE GILL NETS, used by Messrs Job. Brothers & Co. in the Straits of this year. They have been successful at a time when traps had partially failed. We make them in all sizes to order.

WE ARE MANUFACTURERS OF COTTON DRIFT NETS, such as are used in the North Sea Herring Fishery. As the catch of Herring will be interfered with during the war, a good opportunity occurs for use of these Nets in Newfoundland.

WE ARE MANUFACTURERS OF THE CELEBRATED STANDARD brand of Herring Nets, which is universally acknowledged to be the very best Net on the market. We are now making the CHEAPEST brand Herring Net, which is the best and strongest low priced Net made. It is mounted just the same as the Standard Net, and it is barked for preservation, not merely dyed like other cheap Nets.

WE ARE MANUFACTURERS OF SQUID TRAPS, which are now legal. We make them in any size required, to order.

We manufacture TARBED COTTON LINES, all sizes, for Bankers, use; strong, durable and easily handled.

We make COD TRAPS, COD SEINES, CAPLIN SEINES, etc., to order, in all sizes.

All the above fishery gear we can strongly recommend, and we would urge our fishermen to patronize articles of home manufacture, in order to give employment, which is so much needed this year.
