

6th.—He must also give proof by ticket of having attended for at least six months the practice of a Lying-in-Hospital, approved of by the College, or of having attended at least six cases of accouchement; also a certificate from a registered Medical Practitioner, of "Proficiency in the Practice of Vaccination."

7th.—No one shall be permitted to become a Candidate for examination, or shall receive a degree, who shall not have attended at least One Session of this College, and have obtained from it the tickets for one full Course of all the branches included in its curriculum.

8th.—Courses of less length than the above will only be received for the time over which they have extended.

9th.—Every Candidate for the degree must on or before the 15th day of March, present to the Dean of the Medical Faculty testimonials of his qualifications entitling him to examination, and also a Thesis or inaugural dissertation, written by himself, on some subject connected with Medical or Surgical Science. He must at the same time deliver to the Dean of the Faculty the following Certificate :

HALIFAX, ..... 18 ,

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, (or if the case be otherwise, that I shall have attained the age of twenty-one years before the next graduation day.) (Signed,) A. B.

10th.—The trials to be undergone by the Candidate shall be :—

(1.) The private examination of his Thesis as evidence both of Medical and general acquirement, followed (if approved) by its public defence.

(2.) A general written and oral examination on all the branches of Medical and Surgical Science.

(3.) A Clinical examination in Medicine and Surgery conducted at the bed-side, cases being submitted for Diagnosis and treatment in the Wards of the Hospital. In estimating the standard of members of their classes and the number of marks to be awarded, Professors shall take into account the regularity of their attendance and the diligence and care they have evinced in reporting cases.

The examinations will be divided into primary and final, the former comprehending the branches of Anatomy, Chemistry, Materia Medica, Physiology, and Botany or Zoology; the latter, those of Practice of Medicine, Surgery, Obstetrics and Medical Jurisprudence. It will be allowable for the student to present
