ROBERT IS BOUND TO MARRY THE GIRL

PARIS, July 19.—Prince Robert de Broglie, whose marriage a year ago in Chicago with Miss Estelle Alexander, an American, was yesterday declared void by the French courts, will within a few days, formally notify his father, at whose instance the marriage was annulled, of his intention to re-marry Miss Alexander under the French law. This notice will be served through a notary.

Under the law passed during the last session of the Chamber of Deputies modifying marriage procedure in France, Robert is free to marry at the end of thirty days unless his father interposes an objection. If this step is taken, however, Robert must personally appear in court and request permission to marry, and this the court must grant him.

WILL DIE FOR KILLING

A WHOLE FAMILY

CHICAGO, July 19.—Herman Billik, last night was found guilty of killing with poison Asaph Vzal and five of his children. The jury fixed the penalty of death.

During the trial, testimony was submitted by the state charging Billik with having disposed of the bodies of his children in order to collect the life insurance they carried. Mrs. Vzal was shown to have been under the influence of Billik, whom he loved, and evidence showed that she had guilty knowledge of the murdering of her husband and children by Billik. The day after her arrest Mrs. Vzal committed suicide by taking poison.

THE WORLD'S STAMPS.

One of the pastimes very popular with the younger generation at the present day is that of stamp collecting; and in thousands of homes, after school hours, youngsters may be seen pasting the small slips of water-marked paper into albums with solemn care.

This hobby is, at the same time, one which tends to promote a thoughtful turn of mind; and no doubt numbers of juvenile and other philatelic enthusiasts will be interested in the following information on the world's postage stamps.

The total number of all known varieties of postage stamps issued by all the governments of the world up to the present time is 20,495, of which 6,153 are appertained to the British Empire, and 14,342 to the rest of the world. Europe has issued 4,261, Asia 3,352, Africa 4,438, America 4,885, the West Indies 1,637, and Oceania 1,453.

These figures comprise only standard varieties of postage stamps, and do not include postcards, letter-cards, stamped envelopes or wrappers.

BRITISH RIFLE TEAM TO SAIL FOR CANADA ON AUGUST 9

When the Empress of Britain sails from Liverpool on August 8th, she will have on board the English rifle team which is to compete at Ottawa, with teams chosen from the services of Canada and the United States for the Palma Trophy, on September 1th. They are coming over thus early so that they may have time to become accustomed to the conditions of the range at Ottawa.

The team has been selected by the National Rifle Association from among the best marksmen in the Royal Navy, the Army and the Volunteers. It will be under command of Colonel Houghton, Inspector of Small Arms, Enfield, and one of the greatest match rifle shots of the day. Major Richardson, 2nd V. B. Northumberland Fusiliers, has been chosen as the shooting captain, and Captain Lloyd, D. S. O., will be the adjutant, while the other members chosen are the following: Colonel J. H. Cowan, Royal Engineer; Lieutenant E. L. Parnell, 2nd (South) Middlesex R. V.; Sergeant-Major J. A. Wainwright, School of Musketry, Hythe; Quartermaster-Sergeant Robinson, School of Musketry, Hythe; Varrant Officer A. J. "Barnes," Royal Navy; Armorer-Sergeant G. McHaffie, Galloway Rifles; Armorer-Sergeant J. E. Martin, 5th V. B. Highland Light Infantry; Lance-Corporal G. P. Fulton, 13th Middlesex (Queen's Westminsters); Sergeant A. Paterson, 3rd V. B. Seaforth Highlanders.

Immediately after the competition on the rifle range, the British team will journey across the continent and on September 1th will sail from Vancouver for Australia, where they will take part in friendly competition at Sydney before returning home.

The contest for the Palma Trophy at one time caused a great deal of interest on both sides of the Atlantic. In 1902, the British team won it at Ottawa and in the following year, United States marksmen were given possession of the trophy at Bisley, scoring 1,570 points against Great Britain's 1,555. But in 1904, the United States Association of Riflemen returned it to its former holders, having discovered that they had used a rifle barrel with a special grooving and not the service weapon of their army. Thinking they had committed a breach of conditions of the contest, they returned it to the National Rifle Association for another competition.

The rules governing the contest in September are that each man of the team shall fire ten rounds at 500, 600, and 700 yards, using the service rifle and sights adopted in the country they represent and any ammunition suitable to the rifle.

right name is said to be George Kruger, was held at two o'clock at the naval hospital under the Episcopal rites, the customary firing salute and band was dispensed with owing to the condition of the other Georgian men in the hospital.
