WIFE SLAYER AGAIN ON TRIAL FOR LIFE

Walter Blythe Respited Twice By The Ottawa Government Is Again Given a Chance To Escape The Death Penalty.

Special to The Standard. Toronto, Oct. 22.—The new trial of Walter Blythe, of Agincourt, commenced this morning before Mr. Justice Magee, murder being charged. Blythe beat his wife to death after a long series of cruelties practised on her in January last. He was tried, convicted and sentenced to be hanged, but was respited by the Ottawa Government and finally the court of appeals granted him a new trial on technical grounds, the chief being that Justice Riddell, who heard the case, had not in his address to the jury referred to the question whether or not the man was drunk at the time he committed the crime and the action of the jury might have been influenced by the fact that he was drunk. Mr. G. Blackstock, K. C., is again acting as Crown prosecutor and T. C. Robinette, K. C., is again defending the prisoner.

Lloyd-George Presents Results Of Amendments Agreed Upon To English Budget—New Figures Show Falling Off.

CHANCELLOR IN LUCK SAVED FROM DEFICIT

London, Oct. 22.—David Lloyd-George, Chancellor of the exchequer, presented in the House of Commons this afternoon the budget estimate as revised by him. The new figures show a falling off from the original estimates aggregating \$10,500,000 of which \$4,000,000 may be accounted for by the decreased revenue on spirits since the new and higher taxes were levied against them. To offset these decreases there are estimated increases of \$8,250,000 included in which are unexpected windfalls in the shape of death duties totalling \$6,500,000 more than was originally expected, and thus saving the chancellor from the necessity of facing a serious deficit. To meet a shortage of \$1,250,000 Mr. Lloyd-George proposes to take \$2,500,000 more out of the sinking fund.

DENOUNCES PRESENT MISSIONARY METHODS

Christian Workers Of Japanese Commission Declare That Mission Board Has Not Kept Abreast Of The Times.

Special to The Standard. Toronto, Ont., Oct. 22.—Three members of the Japanese Commercial Commission touring the prominent cities of the United States and Canada, arrived here early today. They are Torajiro Watake, of Tokio; S. Tamura, of Kobe; and Dr. Hara of Yokohama. Messrs Watake and Tamura are Christians and in an interview said that while they are thankful for what the Mission Board has done in Japan in the past, conditions have changed during the past 20 years, while apparently missionary methods have not.

"It is only by a native ministry that Japan will ever be brought to accept Christianity," said Mr. Tamura. "Five or six Japanese evangelists could easily be maintained with the sum it costs to support one foreign missionary." Missionaries, added Mr. Tamura, "have expended too much energy in teaching my people, and altogether too little real evangelistic work."

PROUD OF BEING DRAGGED THROUGH STREETS

CANADA, AS UNCLE SAM'S BEST CLIENT

IDENTIFICATION OF BODY NOW COMPLETE

Chicago, Ill., Oct. 22.—Raoul Dandurand, speaker of the Canadian Senate, tonight made a plea for Canada, "since 1818 to live side by side in peace and harmony, and we have shown our mutual confidence by disarming purely and simply as against each other while on the other side of the Atlantic it seems impossible even to bring about a limitation of armaments.

"We are at peace, yet a wall still remains along our frontier. We have not resented your thoughtless exclusiveness, for we have continued to patronize your market. We never ceased buying your goods, although you ceased little degrees of dealing with us. We were perhaps a little dull of comprehension, for we did not seem to take the hint. We wanted a fair exchange, but as you preferred our cash, we bought freely.

"We sold to you last year for \$70,000,000 only, while you sent us \$180,000,000 to pay our bills, a sum representing nearly two-thirds of our whole imports. Canada is your third best customer, and if you compare our population with that of England or Germany, we are, man for man, far and away your best clients."

T. P. O'CONNOR HAS RECOURSE TO THE LLOYD-GEORGE BATTLE CRY AT NEW YORK.

IN THE UNITED STATES TO SOLICIT FINANCIAL AID, IRISH LEADER TELLS OF PLANS.

TIME NEVER MORE RIPE FOR HOME RULE THAN NOW, HE ENTHUSIASTICALLY DECLARES.

New York, N. Y., Oct. 22.—"Ireland never in her history had such a chance for home rule as is her's now," said T. P. O'Connor, member of Parliament, from Liverpool, friend and lieutenant of John Redmond and fighter for the Irish cause, at his hotel in this city tonight. He was sitting in his room, preparatory to attending a reception in his honor by Irish societies and thought pressed for time, he paused to talk optimistically of his country's future, a subject which he will preach in the ears of Irish Americans from now until November 10.

"But there is an 'if,' he continued. "Ireland must make the most of her chance and it is to ask Irish-Americans to help her make the most of it, to contribute to the carrying through of the general election now approaching, that I am here. We are a poor people and the 31 National or Irish members of Parliament, the people have to support, perhaps 60 by private subscription. A seat in the House with us, you know, carries no salary corresponding to the office of your representatives in congress.

"The United Kingdom is in a ferment. Such revolutionary public utterances in responsible positions and such an answering temper in the people have not been known in three generations—not since the 30s when the rotten boroughs were wiped out. The issue before the people has been put squarely by Lloyd-George, and the people understand it. I cannot do better than to repeat his phrase 'shall the peers or the people rule.'"

"King Edward has foreknowledge of the crisis that may confront him and the measure of his recent activities to reassure his anxiety. The budget now goes before the House of Lords. If they reject it the Government will go to the people for a vote of confidence. In my opinion the vote will be returned. The present Government would pass by 300 votes a home rule bill for Ireland were they not prompted by the conviction that the peers would kill it.

"Supposing the Lords pass the budget. The Government in my opinion will still find a pretext to go before the people for support on the deeper issues formulated by Lloyd-George. But suppose again that the Government going before the people for support is defeated. Why even then we shall have such a small Tory majority that the National and Irish vote, will command the situation. And it frequently happens that Ireland can get more from a Tory than a Liberal Government because the peers bring Tory support the measures that come up to them from a Tory ministry.
