

THE WEATHER.

Maritime—Strong southwesterly to northwesterly winds, showery turning cooler at night.

Toronto, Oct. 6.—Rain has fallen heavily over the greater part of Ontario and Quebec and a few local showers have occurred in the Maritime Provinces while in the west the weather has been fine.

Winnipeg—28, 60.
Port Arthur—30, 52.
Parry Sound—40, 50.
London—52, 66.
Toronto—49, 58.
Montreal—58, 63.
Quebec—50, 58.
St. John—54, 56.
Halifax—60, 72.

AROUND THE CITY

Judge Ritchie in Boston.
His Honor Judge Ritchie is at present in Boston where he went on Monday last. Sitting Magistrate Henderson is dispensing justice until Judge Ritchie's return.

E. D. C. Fair.
At a meeting in the Every Day Club hall last evening good progress was made in planning for the fair. Committees will be struck next Monday night to have charge of the different events.

St. John Boat Club.
The quarterly meeting of the St. John Boat Club will be held at the clubhouse on Cedar street, Tuesday evening. There is business of importance to be transacted and every member is requested to be present.

R. L. Borden Club Tonight.
The sixth annual meeting of the R. L. Borden Club will be held at No. 12 Canterbury street, next to the Royal Bank building, tonight at eight o'clock. Members are requested to attend as business of importance will be transacted.

A Pleasant Evening.
Mrs. George H. Dickson entertained at whist and dancing last evening at her home 34 Paddock street, in honor of her sister, Mrs. Wm. McK. Elwell, of Chatham, who is visiting in the city. About thirty were present and the evening was a most delightful one.

Printing of Synod Reports.
The diocesan synod committee on education and the board of missions and the executive committee met last evening in Trinity church Sunday school room, and made arrangements for printing the synod journal, containing the reports of the boards for the year and the proceedings of the session just closed.

\$300 For Campbellton Church.
At the quarterly business meeting of the Germain street Baptist church held in the vestry last evening, it was decided to vote \$300 to aid the Baptist congregation at Campbellton in securing a place of worship. Reports of the various committees were received and adopted. The new pastor, Rev. Frederick S. Porter, presided, and there was a good attendance.

Loch Lomond Water Today.
At midnight it was reported that the water pressure at the Carmarthen street station of the water and sewerage department had risen considerably during the evening though the supply was still being drawn from Little River. The city engineer was out to No. 2 conduit superintending the operations of the repair gangs at that hour. It was expected that the work would be finished before morning, and the water from Loch Lomond turned on during the day.

Record Crowd at Harvey's.
J. N. Harvey's going out of business sale, opened yesterday with the biggest day's sales in the history of the business. The crowd was so great at times that the doors had to be locked against them. In order to avoid this and so that the stock can be straightened out and that the salesmen may get their meals, while the sale lasts, the stores will open at 9 a. m., close at 12:30; open again at 2 p. m., close at 5 p. m., and will be open each evening from 7 till 8:30.

Over-drafts for Orphan's Home.
A meeting of the directors of the Protestant Orphan's Home was held yesterday afternoon, with T. H. Estabrook in the chair. The principal matter before the meeting was the question of raising funds to carry on the work of the institution. Over-drafts on the bank for the amount of several hundred dollars are now outstanding against the institution. The matron reported that a number of children had been received since the last meeting and that several had been found homes.

INTERNATIONAL WORKER VISITS SUNDAY SCHOOLS

Much Interest Being Awakened in Provincial Convention at Woodstock Next Week—Mr. Brown Speaks Here.

Sunday school workers are eagerly looking forward to the convention at Woodstock next week. The programme already announced gives promise of splendid meetings. W. A. Brown, international field worker, will be present, and in addition to his address, will have charge of one or more round table talks.

St. John county is fortunate in having Mr. Brown for its county convention, which meets in Fairville Methodist church, October 10th. It is also announced that Mr. Brown will be in the city for Sunday and will speak in Carleton in the morning; in Portland Methodist in the afternoon at 4 o'clock and in St. Andrew's church at 8:30 in the evening. These will be special rally services and will doubtless attract large audiences.

His message will be missionary and in this year, owing to the great Edinburgh conference and laymen's conventions, Mr. Brown will be heard with unusual interest.

ALMS HOUSE FROM MISPEC PULP MILL

Ald. Potts Believes He Has Unearthed Ideal Spot for New Municipal Home—Others Favor Scheme.

Alderman Frank L. Potts the energetic chairman of the ferry committee has a plan which he believes will, if carried out, secure for the municipality a new alms house, and at the same time provide a use for the Mispec pulp mill property, which will guarantee to the city that the water power at Mispec will be conserved. His suggestion is that the mill property would have to be remodelled, but even at this he claims the work could be done at less expense than as good a building could be secured in any other way.

At the meeting of the Municipal Council on Tuesday last, Alderman Potts brought his plan to the attention of the council, and the matter was referred to the building committee for its consideration. Seen by a Standard man last night the alderman explained his scheme in an interesting manner.

Protect the Water Powers.
He pointed out first that the city had been forced for the protection of the water powers in the Mispec stream to purchase the Mispec pulp mill property for the sum of \$115,000, and it had then been leased to Stetson, Cutler & Co. On the expiry of the lease the company offered to purchase it from the city at \$30,000, but this did not find favor with the alderman.

"I am opposed to the property ever again passing out of the hands of the city to any private company," said the alderman. "It was bought for the protection of the waterpower and some of the aldermen think that sooner than sell again it would be better to raze it. I believe that if it is sold it will be necessary for the city to buy it back again some time and at the seller's price whatever that may be."

"Looking the situation over I have been trying to plan some way in which the property could be profitably used by the city and still remain in our control. If all they tell us about the development of Courtenay Bay is true, it is only a question of time until the property now occupied as a munition house will be required for other purposes and the municipality will be forced to find another place. In the Mispec mill property I believe I have found the place."

Make an Exchange.
"The city pays about \$5 per cent. of the bills of the municipality and the city owns the pulp mill property, consequently if an exchange of this kind could be made the city would save money on the transaction and the very important problem of protecting the waterpower in the Mispec stream would be solved. I realize that it would cost much money to remodel the property in such a way but it would not cost as much as to build as good a building from the foundation. I firmly believe that the plan, if adopted, would be found in the best interests of good government."

The matter is now in the hands of the building committee of the municipality and the members of the municipal council to whom the plan has been explained think favorably of it.

HOBO STOLE RIDE ON MANAGER'S CAR

I. C. R. Crew Have Trouble With Persistent Tramp Who Landed in Jail After Trip on Car Roof.

There has been many a story told about the hobo who has beat his way on the trains, and the many ways in which he has been able to evade the train crew, but the latest true one happened Wednesday night on the I. C. R. car from Halifax, when the knight of the road defied the conductor and other members of the train crew riding serenely for over fifty miles on the same car with the General Manager of the Government Sault railway. Said the hobo finally finished his journey in jail.

A passenger who arrived in the city yesterday morning on the night train from Halifax related the story to The Standard. Shortly after the train left the I. C. R. depot in Halifax Conductor Buchanan of the train discovered that there was a man on the front of the train who was beating his way westward. The train was stopped and the man was put off the car. No sooner had the train started than the energetic hobo jumped on the steps of a car again, and after a couple of miles had been travelled the train was stopped and once more the man was thrown from the train to the side of the road bed.

The delay that was being caused by the actions of the man without the wherewithal to pay his fare no doubt caused the conductor and the brakeman to be otherwise than gentle, and another thing that made matters seem more serious was the fact that attached to the train was the private car of the General Manager, and before he could be grasped by one of the crew he had climbed to the roof and there he clung onto the top.

It was indeed a most dangerous place for any person to ride, and there was not a man on the train who was willing to follow the tramp. Conductor Buchanan is a stout man, and a good conductor, but not a sailor, so while the night express was howling along at forty miles an hour there was a sort of a counsel of war, and the General Manager was made aware of the man on the roof who was travelling, even without a pass. A telegram was sent ahead, and when the train had traversed over fifty miles and arrived at

PROVIDING SEATS FOR TORREY AUDIENCES

Local Committees Have Invariably Found it Hard Problem to Secure Accommodation Under One Roof.

The local committee of the Torrey campaign can comfort themselves with the fact that St. John is not the only city where difficulty has been met in securing sufficient accommodations for the meetings.

In the earlier days of Dr. Torrey's mission work local managements did not realize the magnitude of the interest which would be awakened and in many instances made provision far below what they afterwards found was required.

In Belfast, Ire., one of the first cities visited in the mission to Great Britain, two churches, close together, were first engaged. To these, within a few nights, the City Hall, nearby, had to be added, and as thousands were still unable to gain admission, the committee, as a last resort, were obliged to utilize the large open market place, with seats being placed simultaneously in all four places, the speakers going from meeting to meeting.

In St. John, 3,500 is about as many people as the Queen's Rink can comfortably seat. These figures have been obtained by the committee after a careful investigation.

Allowing 500 seats for the choir, there would be still room for an audience of 3,000, and the Queen's square church will be available for the overflow meetings.

CHOOSE HEAD FOR SEAMEN'S INSTITUTE

Thomas Williams, Chartered Accountant and Man Highly Recommended for Position, to Take Up Duties of Manager

Thomas Williams has been appointed manager of the seamen's institute in succession to S. L. Gorbell, who has removed to Toronto. Mr. Williams will at once enter upon his new duties. His appointment was made by the board of management of the seamen's institute and they ask for the new manager the sympathy and co-operation of all citizens in his work.

Mr. Williams is a native of England who came to this city with his wife and family eighteen months ago and in addition to the other qualifications for the position, is a chartered accountant, and the unanimous choice of the board, special qualities which he possessed stamping him as the man for the position.

He was highly recommended by a man of the sea and in England was identified with the work among sailors conducted by Mrs. Weston.

DR. GRENFELL TEA WAS HUGE SUCCESS

Interest of St. John People in Noble Work of Physician-Missionary Evidenced by Large Attendance.

The annual tea and sale in the school room of St. John's (Stone) church yesterday afternoon in aid of Dr. Grenfell's mission on the Labrador was a great success.

W. H. Thorne presided, and in opening the proceedings gave an interesting account of Dr. Grenfell's work among the fishermen of the north. An interesting musical programme consisting of solos by Miss Louise Knight, Ernest A. Reynolds, A. Munroe, with D. Arrowsmith as accompanist was then carried out. Tea was served at 5 o'clock.

Miss Leslie Smith, who was in charge of the arrangements, was assisted at the tea tables by Misses Louise McMillan, W. R. Warner, W. Raymond, Ena MacLaren, Bertie Armstrong, Eileen Gillis, Janie Stone, Cecelia Armstrong, Winifred Frances Hazen and Mrs. W. H. Harrison and Mrs. Wm. Vassie, Mrs. J. D. Hazen and Mrs. Stetson poured tea and coffee; Miss Nan Barnaby had charge of the door, and Miss Annie Puddington charge of subscriptions.

There was a candy table in charge of Mrs. Simon A. Jones, Mrs. Walter E. Foster, Mrs. John M. Robinson, Jr. and Mrs. Harold C. Schofield.

Trades and Labor Council.
The meeting of the delegates to the trades and labor council last evening was very enthusiastic. There was a good attendance. In the absence of Chas. Jones, James McGill, president of the bricklayers' union, occupied the chair. E. J. Neve, formerly president of the old trades and labor council, was present as a delegate from the carpenters' union. Matters connected with organization of the body constituted the principal business before the delegates.

A letter was read from P. M. Draper, secretary of the trades and labor council, stating that the Canadian federation had placed itself in league with strikebreakers and ruling that the two local organizations affiliated with this body were not entitled to send delegates to the council. Another meeting will be held on the 20th inst.

Truro there was a policeman waiting it was a wonder that the tramp was on top of the car, but there he was, and as he slid down from the car he was arrested and placed in the Truro jail. He will be dealt with by the magistrate for stealing a ride.

Lertoras marshmallows just received from New York at White's, King street.

Store open evenings.

SOMETHING YOU NEED
Heretofore men objected to wearing rubber coats, because the dripping from the coats wet the bottoms of their trousers. Rubber boots were too clumsy and the ordinary leather leggings were too stiff.

We are now showing the very thing—a legging made of the same material as the coat, light in weight, easily adjusted and thoroughly waterproof. A pair weighs exactly seven ounces.

"A GOOD PLACE TO BUY GOOD CLOTHES."

The Best Line of Trousers
We have had for many a day—best range of fabrics and patterns, and best in values. Starting at \$2.00, the prices grow "by easy steps" to \$7.50, and in the \$3 to \$5 qualities there is exceptional opportunity for the exercise of personal preference in selection.

Sizes? Well, there are few men now residing in St. John who are so tall, so short, so stout, so slim, that they cannot be well fitted from this stock of ours—though, of course the "average proportioned" man stands a better chance in the matter of selection.

Let us emphasize this important point: Our present Trousers stock is replete with BETTER VALUES than it is ordinarily possible to offer, and YOU will be well repaid by an early inspection.

Suits, Overcoats, certainly—the good new Winter styles, and every garment THOROUGHLY good.
