"THE ELUSIVE DOLLAR."

Many of our citizens are so intent upon grabbing the dollar immediately in front of their eyes that they neglect to hold fast to the dollars already in their hands.
 Every dollar you spend for goods made elsewhere flies away with a value that rightfully belongs to your community. Home values increase in proportion as we spend our money for goods made at home. Home values disappear with every dollar we spend for goods made elsewhere.
 Examination of the articles produced at home will not only prove to you the great growth of local manufacturing but will serve also to show you the way to aid in the prosperity of the community by giving articles of home manufacture the preference when making purchases.
 We, as individuals, whenever possible should encourage our local industries and support local institutions by showing our preference for home products.
