## QUEBEC WILL SHOW SURPLUS OF OVER TWO MILLIONS

This Makes Forthcoming Session of Legislature a Notable One, and Also the Fact That It Will be Opened for the First Time by an English Speaking Lieut.-Governor—Liquor Traffic Causing Discussion—Compulsory Education to be Settled.

(Special Correspondent.)

Montreal, Jan. 15.—The session of the Quebec legislature, which opens next Tuesday, will be notable for two reasons especially. First it will be the first session at Quebec to be opened by an English-speaking lieutenant-governor, namely, Sir Charles Fitzpatrick; secondly, because of the big surplus which the provincial treasurer, Hon. Walter Mitchell, will be able to report for the province. Due chiefly to the large succession duty collected on the estate of the late Sir William Macdonald, the provincial surplus will be over two million dollars.

However the fact that there is such a large balance does not mean an orgy of spending, for there may be lean years ahead, especially as the province will be deprived of its revenue from the liquor business, now that it looks pretty certain that, in accordance with the legislation passed last session, the province will go "dry" on May first. For the financial year ending June 30th, 1917, the liquor trade brought the government a revenue of \$805,904, and the total for the year to June 30th last was about the same.

As to the outlook for a new lease of life for the liquor traffic it is at present rather dark. Even should the provincial government be inclined to grant a period of grace to the liquor business their hands are tied by the situation at Ottawa.

One of the important matters in the line of legislation for the coming session is the matter of compulsory education. During the past few months the matter has been given more than ordinary attention and, at the school teachers' convention held recently, the subject was debated by prominent educationists, and while a divergence of opinion was expressed the general trend of the discussion was in favor of obligatory attendance at school. It is certain that a bill dealing with the matter will come before the provincial legislature, but whether it will be sponsored by the government or not is yet undecided.

In 1915-16 nearly a million dollars in succession dues was collected in the City of Montreal by the government. With the object of securing a part of this revenue for the next five years the city council has passed a motion requesting the Administrative Commission to confer with the provincial authorities on the matter. The motion passed by the council points out that the share of this revenue would help the city to pay its debts, while depriving the provincial government of a comparatively small sum.

Replying to an interpellation from one of the aldermen, the city treasurer, in a letter to the city council, declares that the Montreal Tramways Company owes the city about \$300,000 for the payment of which instructions had been given to take legal proceedings. The city treasurer further declared that this sum had been due for a number of years, and although at different times a settlement had been attempted by the predecessors of the present administration, the matter had ended in ordering legal proceedings against the company.

## HAD BANNED LITERATURE

Now Must Spend a Few Months in Durance Ville—Protests Made by Fellows.

Toronto, Jan. 16.—Harry Cheeseman was sentenced to six months in Burwash Prison Farm by Magistrate Kingsford today. Cheeseman was convicted about a week ago on a charge of having in his possession literature banned by order of court.

Numerous protests against the conviction of both have been made by the Carpenters' Union, of which Cheeseman is a member. Fellow members of the Carpenters' Union crowded the court room to the doors. The carpenters were afterwards put out of the court.

A crowd went over to the Labor Temple and took possession of the hall to hold a protest meeting, but they were later asked by union officials to disperse.

David Carey, president of the Labor Temple, announced, decisively, that there would be no meeting allowed this afternoon. "We cannot allow this kind of thing to go on," he said, "and if I have anything to do with it, I am going to see that the law is obeyed."

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, fretful, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. A little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Buenos Aires, Jan. 16.—(By the Associated Press.)—At a conference with President Ligonie, yesterday afternoon, labor leaders agreed to call off all strikes now in force in Argentina, with the exception of the one which has virtually paralyzed shipping in the harbor. Telegrams, received from different parts of the country during the evening, indicated that conditions are much improved as a result of orders sent to the various unions.

President Ligonie promised the labor leaders that he would do everything possible to meet the demands of the workers, including wage increases. He also said that he would study the port strike with a view to arriving at some solution which will be satisfactory to both sides.

The states, according to the association, are: Arkansas, Colorado, Maine, Nevada, New Mexico, Oklahoma, Oregon, Ohio, Utah, Washington, Missouri and Nebraska.
