

Every Mother Should
have it in the House
to cure the common ailments that may
affect every family as long as life
has woes.

JOHNSON'S ANODYNE LINIMENT
Is strictly a family remedy for
Internal as much as External use
To cure Colds, Croup, Coughs, Catarrh
Cramps and Colic it acts promptly.

ORIGINATED BY AN OLD FAMILY PHYSICIAN.

There is not a medicine in use which possesses the confidence of the public to a
greater extent than Johnson's Anodyne Liniment. For almost a century it has
stood upon its merits, and while generations have passed it has maintained its
reputation as a household remedy. The best evidence of its value is the fact that it is
the one remedy which is found in every family as long as life has woes.

AS TO LADYSMITH
(Continued from first page.)
to edition in order to preserve their po-
pularity.
"The British failures and the appear-
ance of the Boers on British territory have
fomented rebellion; but, even now a de-
cisive British victory would prevent its
spread."
This correspondent testifies to the value
of the services rendered by Mr. Schreiner,
the Cape Premier, in an embarrassing
position. He speaks less highly of Mr.
Hofmeyr, the real leader of the Bond
party and severely condemns the Dutch
press of the colony which, he says, "is
doing its utmost while keeping on the
windy side of the law to promote rebellion
and to envenom radical antagonism."
The British losses, in killed, wounded
and captured up to date, are 7,987 officers
and men.

**CROSSING OF RIVER OFFICIALLY
CONFIRMED.**
London, Jan. 18, 9:27 p. m.—The war
office has issued the following—
"From Buller, Spearman's Camp, Jan.
18:
"One field artillery, Howitzer battery
and Lyttleton's brigade are across the
Tugela at Potgieter's Drift. The enemy's
position is being bombarded by us.
"Five miles higher up Warren has crossed
the river by a pontoon 85 yards long.
He hopes his forces will by evening have
advanced five miles from the river to his
right front. The enemy is busily en-
trenching.
"From Roberts, Cape Town, Jan. 18:
"Gatere reports that 300 men of all
ranks have been moved from Bushman's
Hoek to Hoopstad and the 74th Field
Battery and one company of mounted in-
fantry from Sterkstroom to Bushman's
Hoek. Otherwise there is no change."
Mount Alice, near Potgieter's Drift, Nat-
al, Monday, Jan. 15.—The "ward move-
ment for the relief of Ladysmith began
on Wednesday, January 10, from Pretoria
and Chieveley. Lord Dundonald's mounted
brigade with the Fifth Brigade under
General Hart, comprising the Dublin, the
Connaught, the Inniskilling, and the
Border Regiment, proceeded northwester-
ly to Springfield. The position had pre-
viously been reconnoitered.
A few miles outside of Frere, Lord Dun-
donald passed targets erected by the Boers
to represent a force advancing in skirmish
ing order. Evidently the Boers had been
firing at these from the adjacent hills.
Lord Dundonald pushed on; and, as the
main column advanced, it was noticed
that Springfield was not occupied by
Boers and that the Fifth Brigade had
taken possession. The British transport
extended for several miles and comprised
some five thousand vehicles.
The mounted brigade advanced rapidly,
not meeting with any opposition. The
British scouts had minutely searched all
suspect country, but there was no sign
of the enemy. The column advanced to
Mount Alice, facing the enemy's mountain
fortress.
"The Boers had been at Potgieter's
Drift the previous day, but a body of
South African horsemen swung in from
under fire and brought over the pont from

the seizure of goods in those three cases.
The British government has admitted
without reserve that these goods were not
liable to seizure.

**GOVERNMENT AND COUNTRY UN-
ITED.**

London, Jan. 18.—Sir Matthew White-
Ridley, the home secretary, speaking at
Blackpool this evening, said:
"On behalf of my colleagues and myself
I would say that we all share the full
responsibility for the cabinet, like a nation,
has been united from the beginning.
There is no doubt that when the proper
time comes for the cabinet to justify its
course the justification will be sufficient-
ly ample."
What gives me the most pleasure is
the determination of the country, no less
than the government, that, having a quar-
rel in the field, we must bring it to a
successful issue.
"It is not the business of the press to
criticize the actions of our cabinet gen-
erals in the field. There is none of them
who does not possess the full confidence
of the country and the government."

BLEW UP CULVERTS.

Sterkstroom, Jan. 18.—Yesterday the Boers
blew up three culverts on the Dordrecht line
five miles beyond an outpost of the police
camp. The commando at Sterkstroom num-
bered 1,000.

KIPPLING GOES TO CAPE TOWN.

London, Jan. 19.—Mr. Rudyard Kipling
and his family will sail for Cape Town to-
morrow (Saturday).

**BANK OF ENGLAND RATE LOW-
ERED.**

(Special to Telegraph.)
Ottawa, Jan. 18.—Local bankers regis-
tered word today by private cable from Lon-
don that the Bank of England rate has
been reduced from 5 per cent. to 4 1/2
per cent. This is an indication that money is
scarce in England and that commercial
conditions upset by the outbreak of hos-
tilities have been restored to the normal.
The reduction may also indicate private
information by the Bank of England of the
relief of Ladysmith, so persistently
rumored, or the near approach of it.

SEVERE FIGHTING REPORTED.

London, Jan. 19.—A special despatch
from Durban dated Wednesday, Jan. 18,
yesterday (Tuesday) says that Sir Charles
Warren has arrived within 17 miles of Lad-
ysmith, and that British wounded are arriv-
ing at Mooi River field hospital by every
train from the front, indicating that there
has already been severe fighting.
"Neither report has yet been confirmed."

**WANTING UNITED STATES MEDIA-
TION.**

Naples, Jan. 18.—Mr. Charles E. Macrum,
Jan. 18.—Mr. Charles E. Macrum, who left
London on Dec. 18, bound for New York,
landed here today.
It is reported that he bears a letter from
President Kruger to President McKinley
asking the latter to mediate between the
Transvaal and Great Britain.

**BOERS OCCUPYING MASHONA-
LAND.**

Craddock, Cape Colony, Jan. 18.—On
Saturday, Jan. 13, the Boers with a com-
mando of 1,000 men, occupied Prieska,
a village on the Orange River about
107 miles northwest of De Aar.

SHELLING THE BOERS.

Spearman's Farm, Natal, Jan. 19.—10 a.
m.—General Lyttleton's brigade, with a
howitzer battery, crossed the Tugela
river at Potgieter's Drift on Tuesday, Jan.
16. The water rose above the waists of the
men. The Boers fired two shots and then
recalled their forces to the trenches, the
passage being interrupted.
The British advanced in skirmishing or-
der and the small kopjes on the summit
were occupied by 600 p. m. during the
night it rained heavily.
Yesterday (Wednesday) the Boers
trenches were vigorously shelled from
Mount Alice, while the British re-
mained in possession of the kopjes and
plain heavy mist enveloped the hills;
but the naval gunners and the howitzer
battery made good practice, thoroughly
searching the trenches. On the Boer
right a breach was made in a sandbag em-
placement, where it is supposed Boer gun-
ners had been.
The cannonade was heavy and contin-
uous and the Boers were observed leaving

the trenches in small parties. The hill
facing the British position was shelled
next.
General Warren has forced a passage of
the Tugela, seven miles to the left.

**BIG STEAMER CHARTERED FOR ST.
JOHN.**

Toronto, Jan. 18.—The Manchester-Can-
adian steamship line is so crippled by the
taking of three of its largest steamers by
the British government for transports
that the Indianapolis, a large and well
appointed vessel, has been chartered to
take the next sailing to St. John and left
the Tyne on Sunday last.

TO LOAD HAY AT ST. JOHN.

Boston, Jan. 18.—A local firm has chartered
the British steamer Mariposa to load hay at
St. John, N. B., for South Africa. In the
charter of these vessels the firm is acting
under the orders of the British war de-
partment. The Mariposa is a new vessel of large
tonnage. She sailed from Sunderland, Eng.,
Jan. 17 for New York and from the latter
port will proceed to St. John to begin load-
ing.

**MONTROSE AN NUMIDIAN OFFER-
ED AS TRANSPORTS.**

(Special to Telegraph.)
Ottawa, Jan. 18.—Andrew A. Allan, of
the Allan line had a long interview with
Sir Wilfrid Laurier this forenoon in re-
gard to supplying a transport for con-
veying the Strathcona mounted troops
to Cape Town. Mr. Allan offered the
Numidian, which he considers is adapted
in every possible way to be used as a troop
ship. There will be no cabins to build.
All that will have to be done will be to
put stails for the horses. This will not
take a very long time. Sir Wilfrid is
now in communication with Lord Strath-
cona regarding this matter, which will
be decided very soon. The chances are
that the Numidian will be accepted, but
the Elder-Dempster people have offered
the Montrose which is a larger boat than
the Numidian. At any rate there is not
likely to be any delay about getting a
steamer. One of the boats mentioned
will be large enough to convey all the
troop. The western squadrons will get
a hearty welcome on their arriving here
tomorrow. It is expected that the first
train will be here about 8 a. m., and the
other at 10 a. m. They are travelling about
two hours apart. The review on parliam-
ent hill takes place at noon. His ex-
cellency will attend and drive to the
grounds in the same way as if he were
opening parliament.

CANADIANS WARMLY PRAISED.

Montreal, Jan. 18.—The Star's special
correspondent at Modder River says
today, "Ottawa," "deprecate your
say there, bring her over," and similar
commands and exhortations in English,
Canadian and French greeted my ears at
Orange River station while the train was
being loaded by the Canadians who were
going to the front. The Canadians had
arrived the day before from De Aar, and
in one day had laid and completed a rail-
way and a quarter of railway and completed a
new platform. Railway making under a
South African sun in December is no play,
and the sight of these sons of the north
handling sleepers and rails with the great-
est despatch and enthusiasm—working as
white men seldom work in South Africa—
was an object lesson for the thorough-
ness of spirit and patriotism animating all
ranks and sections of the British forces
now fighting the Boers.

LADIES CARE FOR THE SOLDIERS.

Toronto, Jan. 18.—Toronto Ladies'
Branch Red Cross Society has furnished
Lieut.-Col. Herchmer with a letter of
credit for \$1,017. Lieut.-Col. Evans with
one for \$1,638, and Major Hunter Ogilvie
with one for \$1,075, the amounts specified
to be expended by these officers on the
purchase of comforts for the men under
their command during the campaign.
The ladies have shipped a large quan-
tity of supplies of various kinds to Hal-
ifax and expect to furnish 300 pairs of
goggles for the use of the men in marching
through sandy wastes and while dust
storms are raging.

**INSURE FREDERICKSON'S VOLUN-
TEERS.**

Fredericton, Jan. 18.—Mayor Beckwith
has called a meeting of the city council
for Friday evening to consider the pro-
posal to insure the volunteers from Fred-
erickson, who have gone to the front.

spondent writes:

SMALL POX SCARE.

**COMPULSORY VACCINATION
DECIDED ON AT

Moncton, Jan. 18.—A case of smallpox
was discovered here this morning,
patient being an L. C. R. brakeman
Benj. Goto, running between Moncton
Campbellton. Goto boards at the L.
Windsor, and that house was immedi-
ately quarantined.

Dr. Couthard, provincial secretary
board of health, was here this morning
ferring with the local health authori-
ties and proceeded north to Campbellton,
meeting of the local board of health and
physicians was held this afternoon
compulsory vaccination was decided up-
on and other precautions are to be taken
prevent the spread of the disease.

Campbellton, Jan. 18.—There are no
cases of smallpox in town, but two
cases have been discovered, one at Me-
dia Point, 15 miles from here, in the
Indian Reservation, and one at Bordas Qu-
across the Restigouche river, about 7
miles from here. The board of health
is taking every precaution to confine
the disease.

Fredericton, Jan. 18.—The Royal Gazette
published today, contains some very im-
portant regulations in respect to vaccination
and other measures for preventing the spread
of smallpox.

**CAN LEARN FROM OUR UNIVER-
SITIES.**

Toronto, Jan. 18.—The "Tele-
graph" special cable from London says: "I
Joseph Chamberlain, secretary of state
University College, Birmingham," referred
to the recent visit of a deputation from
the college to Canada and said that En-
land had much to learn from Canada
and other measures for preventing the spread
of smallpox.

St. Andrews News.

St. Andrews, Jan. 17.—Charlotte County
Council spoke in no uncertain sound this
afternoon when a patriotic resolution ap-
proving of the action of the Dominion Gov-
ernment in forwarding the contingents for South
Africa was moved by Coun. Billings, of St.
Andrews. Appended to the resolution was
a recommendation that the council appro-
priate \$100 to the patriotic fund. This
amount was deemed entirely too small, and
it was finally fixed at \$200. The Council
sang God save the Queen with vigor, and at
the close gave three lusty cheers and a tiger
for Queen Victoria and the "absent-minded
beggars" in Africa.

The council has received petitions from
the St. George W. C. T. U. and East
Granite Division asking for the removal
of the present South Act inspector and the
appointment of Charles Vroom, of St.
Stephen.

Approval of Premier Emerson's fast line
proposal was heartily given by the council,
and the warden was appointed a committee
to attend any convention that may be held
in connection therewith.

A purse of money will be forwarded to
Trooper Mallory of the second contingent
by his St. Andrews admirers.

THE RAILWAY TOWN.

Moncton, Jan. 18.—The city market
trouble today culminated in W. K. Gross
being ejected from the stall he occupied
by the chief of police. Possession of stall
was given to B. A. Gallagher, who re-let
it to Clifford Gross. George C. Matthews
another occupant of stalls in dispute, was
served with a supreme court writ.

Two train loads of second contingent
volunteers passed through to Halifax this
afternoon from the upper provinces, the
arrival and departure of the troops being
witnessed by a large crowd of citizens.
