

ONE MAN KILLED, TWO BADLY INJURED WHEN SEWER BANKS CAVED IN SATURDAY NOON

Frank Carberry Lost His Life and Charles Cain Hurt in King Street, East, While Alexander Evans Had Close Call from Death in Water Street—Trenches Were Deep and Shoring Was Not Used—Fire Department Called Out to Assist in Rescue Work.

Monday, June 13. "I'm gone, Peter." These were the dying words of Frank Carberry as Peter Mahoney, an employee of the water and sewerage department of the city, uncovered his head after the cave-in at the sewer excavation at the corner of King and Crown streets Saturday noon. The accident through which Carberry lost his life was one of the most deplorable that has occurred in that section of the city for a long time. Charles Cain had taken the contract of connecting the house at the corner of Crown and King streets with the main sewer and it was while working in the excavation about ten minutes to 12 o'clock on Saturday that the west side of the sewer fell in, pinning both men. Cain was taken out later and is now at his home awaiting burial. Soon after this accident, a second cave-in occurred in Water street. In this case Alexander Evans was badly injured but will recover.

Story of Eyewitness. It happened at the time of the King street accident that Mahoney, William Farraday and three Syrians were working building a manhole at the opposite corner of Crown street. Mahoney was down in the manhole at the time when he heard one of the Syrians who was on top shouting, "The sewer has fallen in and the men are buried up." He says that he looked at his watch as he came up and found that it was ten minutes to 12 o'clock. He rushed over as soon as he could. At first he could not see Carberry. Cain was standing with his face only showing above the surface and his head bent back. He was in such a position that I couldn't give him a drink of water in the ordinary way and had to pour it in his mouth. As soon as his head was freed he indicated where Carberry was and looking over I could just see the top of his hat above the earth. Of course by this time the rest of my men were trying to get Cain out and I went over to where Carberry was and uncovered his head. He knew me and said: "I'm gone, Peter." Those were the last words he uttered.

Carberry's Position. "Carberry was standing with his face pressed against the east side of the embankment with one hand raised above his head and it looks to me as if he had seen the slide coming and tried to get out of the ditch. It was about an hour before we got Cain out. In the meantime stimulants were given him by order of Dr. Berryman, who was soon on the spot. After his rescue he appeared to be in a state of collapse and was taken to the hospital. It was about 2.30 p. m. before we got Carberry's body out."

The house at the corner of King and Crown streets which was caved in was a part of the John McCarthy estate and is now owned by his two daughters.

The new proprietors announce that they are going to add a large amount of new machinery and improve the paper in every department.

P. E. ISLAND GIRL LURED AWAY BY TWO STRANGE MEN

Charlottetown, P. E. I., June 10. (Special)—That the suspected presence of promoters of the white slave traffic in this province is a fact is strongly supported by word which has reached this city in connection with the story of a young girl of Souris who rather suddenly left her home on Tuesday last. The rumor current, which is supported by strong circumstantial evidence, goes to show that the girl left Souris on Tuesday in company with two men enroute for Pictou via Charlottetown. On Wednesday the three crossed to Pictou on the S. S. Northumberland. The men left the girl in Pictou while they went up the River John where they were waiting for her other girls in waiting. On Thursday the Souris girl's sister crossed to Pictou in search of her and on locating her found it impossible to induce her to return. The sister crossed to this city alone last night on her return to her home. The girl's father is a fisherman and at present is absent from his home. One of the men is described as fairly large and wearing a frock coat. Johnny's aunt gave him a bright and shiny dollar watch for his birthday, and the boy's satisfaction was unbounded. A couple of weeks later, says Lippincott's Magazine, he remarked very dolefully that the watch wasn't keeping good time. "It must be wound very carefully every night before you go to bed," his aunt told him. "Oh, I never knew that," said the boy. "Now I s'pose I've just gone and ruined it." "Why, when have you been winding it?" "The first thing every morning," answered the boy, sorrowfully.

FLOUR TAKES BIG DROP IN PRICE Decline in Wheat Quotations the Cause—Further Decreases Looked For. Since the first of the year there has been a decline in the price of Manitoba flour of 40 cents and of Ontario of 35 cents. The retail price of Ontario flour in January was \$6.30; on April 7 it dropped to \$6.20; April 25 to \$6; May 3 to \$5.90, and the price later went down to \$5.50. Some of the bakers were approached last night and asked if the price of bread would come down. They replied that there had not been enough of a decline in the price of the drive, warrant such a move and price that cheaper bread need not be looked for for some time yet. The flour merchants of the city attribute the drop in the price of that commodity wholly to the decline in the price of wheat. They say the wheat would not be surprised at still lower quotations in the near future.

SPRISING. Andrew Carnegie, discussing at a dinner in Pittsburgh the Pittsburgh graft scandals, said: "Exposure followed exposure so thick and fast that to express astonishment became, after a while, ridiculous—the astonishment of the writer. I am a writer, you know, brings a gentleman a salad with his chicken, and the gentleman, after eating a little, said: 'That astonishes me, sir,' the waiter answered, 'I only just removed four trout, sir.'"—Washington Star.
