J. M. Anderson
GLENCOE Plumber

Last Friday evening Mr. and Mrs. John G. Best, King street, entertained the following boys—Alexander Sutherland, Gordon McDonald, Scott Irwin, William and Gordon Doull, William Anderson and Leo Wilson, Jr.—in honor of their son Lowell's eleventh birthday.

An advertisement in your local newspaper will work nights and holidays, in hot weather or cool, in wet weather or dry. It will talk to customers before you are out of bed in the morning often. It has not struck for an eight-hour day, always earns its wages and never gets tired.

The Comber Herald says:—Mr. and Mrs. W. G. Campbell and son Vining left on Wednesday for their new home at Mount Brydges, where they have purchased a small farm. Mr. and Mrs. Campbell have resided in Comber for a great number of years and their many friends wish them all success and happiness. Mr. Campbell will be greatly missed in public life, he having been tax collector and secretary of the Comber public school for the past few years.

Domination Day was generally observed throughout Canada, with victory celebrations at many places in several of which aeroplanes figured in the attractions. Glencoe made no demonstration, but observed the holiday in rest and recreation. A great many of our people motored to Port Stanley, where the Glencoe Book Club had their annual picnic. This favored holidaying place was thronged with visitors from all quarters. The day was an ideal one in every way and the members of the book club and their friends were especially pleased with the outing.

All Treatments Proved Useless Until He Tried "FRUIT-A-LIVES".

MR. JAS. S. DELGATY.

R.R. No. 4, Gilbert Plains, Man. "In the year 1910, I had Nervous Prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-lives".

I began to mend almost at once, and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health.

I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of "Fruit-a-lives" in the house."

CASTORIA

For Infants and Children
In Use For Over 30 Years

Always bears the Signature of *Dr. H. H. Thatcher*

Some people make the best of everything others try to fix it.

The new skirts are tight, but the women can't kick.

Never place your clock at the head of the stairs; it might run down.

A woman can mark up a kitchen calendar and know more about the household finances than a man would if he kept a set of books on them.

EUPHEMIA

Even some of our prohibition cranks are tired of the dry spell.

The auction sale "was, but is not," Now it's the social's turn.

These are the days school teachers are "cussed" and discussed.

And these are the times when speculators in the "cloven hoofs" are learning the lesson of faith.

Oil drilling outfits are still coming in and getting busy. Soon Euphemia will know just where there is no oil.

Euphemia's civic holiday is set for August 13. If it's fine we'll see you at Shetland picnic. But 13 is a bad omen.

A big crowd, a big revenue and a big time is what they had at Cameron social. "Saundy" knows how to do it.

Would you believe there are fellows around here that never heard of aeroplanes? A fellow over east took two shots "et the darndest lookin' bird yever sawed." Now it's the tall timberers for him.

Crops in Euphemia in general are good, but it's another year demonstrating the surety of the sandy loam and the uncertainty of clay soil.

On the former, wherever we have been, crops are fine, while the clay, getting too much rain and the extreme drought following, has made germination and growth difficult.

Yet even so, hay and wheat look fine the township over—never better, and if a fellow has lots of these he will be able to buy the rest.

So we worry?

By the way the drought has affected the blossoms and young fruit, causing premature falling, it looks like prunes for our next winter.

What about Euphemia's war monument? Looks as if we'll need a dozen if each crossroads committee gets its way. We believe we heard a fellow talking sense the other day in suggesting the abolition of any township memorial, but rather, as the boys were called from Lambton and fought and fell under Lambton's colors, then let Lambton unite and erect such a memorial to her heroes as will do honor to the memory of all.

One of our speed demons got a rude jolt in his recollection department recently. Teasing through Delaware at a thirty-mile clip he was suddenly confronted with the option of running down a fellow or looping the loop. He chose the former. When the guy scrambled out of the roadside thistles, badly wrecked but still very lively, he screamed, "Whad d'ya mean, runnin' a feller down like that?" Greatly relieved that the destruction was no greater, our friend began forthwith to make excuse. "It was your own fault; you got in the road. I never ran anyone down before, and I've been driving a car for ten years. 'An' let me tell you," yelled the mad man, "you's the first fool as ever did over me, an' I've been walkin' for sixty years."

Detroit has given up the idea of holding a World's Fair in 1922. The business men of the city opposed it.

FOUND GUILTY OF NEGLECT

THREE YEARS' PUNISHMENT FOR MAN WHO ALLOWED A SERIOUS SITUATION TO DEVELOP.

Failure to take proper precautions has been responsible for many deaths, and is the cause of much suffering and hardship to-day.

Take the case of Wm. Dunn, 313 Gerard St. East, Toronto, Ont. Mr. Dunn was a chronic rheumatic sufferer for ten years. Three years of that ten he spent in bed suffering indescribable torture. Picture the joy of this man on finding that Templeton's Rheumatic Capsules were restoring him to normal health again. Here are a few extracts from his letter to us: "During the past ten years I have been laid up with Rheumatism. One attack confined me to my bed for a year, and a second attack left me helpless for over two years. After I had tried almost everything, a friend got me a box of T.R.C.'s, and a few doses convinced me that I had at last found the proper remedy for my trouble. T.R.C.'s improved my condition rapidly, and I feel that had it not been for T.R.C.'s I should have been laid up for years." T.R.C.'s are certainly wonder workers. Try them.

Sole Agent for Glencoe, H. I. Johnston, Pharm. B. Drugist, Optician and Stationer, or if you live out of town mail \$1.04 to the above address or to Templeton's, Limited, 142 King Street, West, Toronto, and Capsules will be sent postpaid.
