

THE WONDERFUL **MUTO** CONVERTIBLE COAT

Patented in Canada September 8th, 1908

Q This coat is the sensation of the season in Canada, the United States and Great Britain. Thousands of dollars have been paid for the patent rights throughout the world. It appeals to every man who sees it as the cleverest and most useful garment ever produced. A dressy fine-weather coat and an ideal garment for stormy weather, or for motoring or driving.
