

Need good quarterback

Tigers defence superb; offence sputters

Quite a few years ago there was a popular song that went, "You got to accentuate the positive, eliminate the negative..." Against UPEI it looked like the Tigers had reversed that philosophy.

Losing the game October 16 18-3, the emphasis on the negative was fine as the defence generally played well. The biggest problem for the defence seemed to be that they were overworked.

However, Dal's offence was almost non-existent. Because Dal had virtually no passing attack, UPEI were able to concentrate on defending against the run. The offence also fell down during the kicking game. They permitted one punt and two field goal

attempts to be blocked.

When either place-kicker Walsh or punter DePoe did manage to hoist a long kick, most of the yardage was lost on the return.

Probably the most encouraging thing that could be said about the future games is that the defence should be able to keep the scores respectable.

Coach Dick Loiselle lost many experienced ball players at the end of last season. Our sympathy to him and his staff, but somewhere on the team they have to find a quarterback to replace the injured Rick Rivers. With a better quarterback, the spectators might not spend their time listening to transistor radios.

**The Best
"Stereo Value"
In Town \$298.00**

Individually, each of the components pictured above has created a new standard of sound-per-dollar value. Together, these components will provide you with more quality sound and reliability than you could have bought a year ago for much more.

The Harman Kardon HK20 are the only speakers in their class that can produce the entire musical range. Most inexpensive speakers cannot produce the lowest octaves of music: the lowest string of a double bass or electric bass guitar, the lowest pipes of a pipe organ, the HK20 can.

The Pioneer SA500 stereo amplifier has enough power to satisfy both you and the HK20's. It produces 16 watts RMS per channel across the entire musical range, at less than .5% total distortion (RMS is the most demanding and least flashy of the various power-rating systems). A matching AM-FM Stereo Tuner is available for only \$98.00 more.

To match the quality and reliability that the Pioneer and the HK20 represent, we recommend the Garrard SL55B with a Shure cartridge. The SL55B has a heavy platter, a synchronous motor, a convenient cueing control and comes with a dustcover and base.

Come to Audioworld this week. You'll be surprised how much quality and sound your \$298.00 can buy.

UNB student screws OFY

FREDERICTON (CUP) — A lucrative Opportunities for Youth project in New Brunswick netted a University of New Brunswick student \$8,600 for only six weeks work according to a report prepared for the federal government by the co-ordinating agency for local OFY projects.

The report of COPE (Community Opportunities Providing Employment) claims that Jonathon Marler, a second year law student at UNB, received \$35,000 from OFY last spring to carry out "an ecological forest survey" in New Brunswick.

But instead of probing the woodland ecology, the report alleges Marler rented a tree

harvester and chain saws and sold timber and pulpwood to local industrialists at cut rates before complaints from his employees cost him his job at the end of a six-week period.

According to the COPE report, Marler hired around 30 students, paid them \$1.25 hourly, but did not inform them they were working on an OFY project.

"Only when the students heard that their job was a youth opportunities project did they become suspicious," the report said.

"They complained to Marler who retaliated by firing the entire lot and then they complained to Ottawa."

"The federal government," the report continued, "dispatched OFY organizer Sheila Zimmerman, who had approved the project in the beginning. Naturally, she was defensive and the whole meeting was entirely unpleasant."

But in the end, the report said, Marler was asked by Zimmerman to vacate his post. He did so reluctantly, it said, but not before he had pocketed \$8,600 for himself.

A number of people in the region — including the Moncton office of the Secretary of State's Department — pressed for an immediate investigation, the COPE report said, but it was turned down by Secretary of State Gerard Pelletier.

"Zimmerman issued instructions that there was to be no publicity given to the affair at all," COPE reported.

The report also charged that during his tenure as project manager, Marler issued regular pay cheques to his brother who was not employed on the project, as well as two per week to his girl friend who was.

Fredericton RCMP say they are investigating the affair but no details have been released.
