CONDITION—NOT THEORY.

The new alien bill which Premier Balfour is seeking to have passed by the present parliament provides that no landing of aliens is to be permitted except at ports where an inspector is stationed, and only with his consent after a medical inspection. The following may be refused admission: Insane persons, those suffering from disease, convicts or persons who have been sentenced for an extraditable crime not of a political nature, persons likely to become a charge on the ratepayers, and persons unable to satisfy the inspector or his superiors that they are in a position to obtain means to keep themselves decently. Evidently Premier Balfour recognizes that it is a condition not a theory that confronts Great Britain.

INVADING THE AMERICAN MARKET

A Canadian Shoe Concern is Creating Considerable Excitement in the States

Messrs. Trudell & Tobey, the fortunate local shoe merchants who have the agency for the famous Slater shoe, inform us of an interesting feature of Slater shoe enterprise. "The American newspapers are publishing articles commenting on the invasion of the States by the Slater Shoe Company," he says. "They seem to think it is something remarkable that a Canadian shoe should excel the best American makes in style and workmanship, and be able to secure the best trade. I do not see anything remarkable about that. The Slater shoe has undoubtedly beaten the world. Why shouldn't it? Is there anything peculiar about the stimulating climate of Canada that would preclude the possibility of a Canadian shoemaking establishment outdoing our Southern neighbors?"

"On the contrary, they argue in the States that the further North one goes the better the fish, the cereals, the meal and the man becomes. They say the North whipped the South because it was the North, Erasmus Winan, the great New York shoe writer, was known the world over, said the brains of the world were in the North. And when you look at the map, Canada's shoe-producing city—Montreal—is not far from the shoe-producing centers of New England, from which, by the way, the Slater Company gets one of its most expert superintendents, a man who has worked years in one of New England's biggest shoe factories, and comes to Canada because the finds Montreal beating the United States in shoemaking."

"For styles the Slater Company goes straight to New York, and, importing the latest fashions of the finest custom shoemakers, improves upon them with its imported American stylemaker, a man who hasn't an equal as a shoe designer or maker on either side of the water. The Slater Company is the general superintendent of the Ogilvie Flour Mills Company, who comes from the flour trust of the States, and is in charge of the great Ogilvie mills in Montreal and Winnipeg, where they make flour that is driving American flour out of all foreign markets, and which, like Slater shoes, has been the subject of extensive comment in American newspapers on account of its superiority to American flour."

"Yes, sir," said the Slater shoe merchant, as he closed the interview to wait on a customer, "Canada is going to show the States a thing or two in shoemaking as well as grain-raising, nation building and railroad construction."

IN CONVENTION

The ladies who formed the delegation were Mrs. J. W. Cowan, W. M. Drader, Cobble-dick, Wilson Taylor, Alf. Snell, T. Snook, W. N. Morley and Williams. Percy K. Morley was taken along as business manager and at the depot he was a busy boy looking after his charges. Mrs. S. F. Gardiner and Mrs. Geo. W. Cowan are the Chatham orators who were to address the convention on interesting topics. These two addresses promised to be the features of the convention and were being earnestly looked forward to by the ladies assembled.

ANNOUNCEMENTS.

At the Grand—
Over Niagara Falls—May 4.
(Supplied to The Planet by Press Agents.)

"Over Niagara Falls," Rowland & Clifford's superb sensational scenic melo-drama, which will be here on Thursday, May 4th, at the Grand Opera House, contains some novel characters, among them, Starlight, an old Chief of the Chautauqua Indians, and his daughter, Bess. They show a side of the American aborigine that has never before been depicted, and are probably the best Indian characterizations that the stage has ever seen. Their unique dress, which is historically correct, adds largely to the picturesqueness of the various scenes.

The story is highly interesting and at the same time abounding in thrilling scenes and climaxes, with new mechanical and electrical effects—the only reproduction of Niagara Falls ever successfully attempted.

Miss Blanche Harperton, the leading lady of "Over Niagara Falls," is well known in the east, where she has been a favorite stock leading woman. Miss Florence Severance possesses an attractive personality, fine emotional power and the technique of an artist.

Edgar Murray, a handsome young romantic actor, is the leading man and has won the unstinted praise of the critics for his splendid work.

Messrs. Rowland & Clifford have surrounded themselves with an exceptionally strong supporting company.

A packed house should greet them here to-morrow night, as the prices have been reduced to 25, 35 and 50c.

CAPT. GRAHAM'S CURE OF Distressing Humour by Cuticura. Doctors Took His Money, But Did No Good.

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Cuticura Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them Cuticura Soap and Cuticura Ointment did it."
