After thirty-seven years of work, the enormous task of drawing up full marginal references to the Revised Version of the New Testament will reach completion by the publication from the University Presses shortly of a new edition of the revised version—an edition which all clergymen, ministers, and biblical students in every corner of the world will desire to possess. So far back as December, 1873, the New Testament Company of Revisers requested the late Dr. Scrivener and Professor Moulton to undertake the task of compiling the references. The work progressed slowly, however, and in the edition of the Revised Version of 1898 only abridged references were published. Since Professor Moulton's death the entire work of compiling the fuller references has been carried out by Dr. A. W. Greenup and Dr. J. H. Moulton, son of the professor. Dr. Greenup is now Principal of the London College of Divinity at Highbury. A conversation with him discloses the enormous amount of detailed work that has to be accomplished. For instance, to many verses in the Gospels and Epistles have been added nearly a hundred marginal references, each bearing on the text and meaning of the verse. Innumerable commentaries and Testaments in English, French, German, Greek, and

Hebrew were read by Dr. Greenup for the purpose. To this interviewer in speaking about this matter he said: "I was engaged upon the task for thirteen years," said Dr. Greenup. "When I first undertook the duty I was rector of Alburgh, in Norfolk, and had more time than then afterwards, when I came to St. John's Hall. I have often worked ten and thirteen hours a day during my vacations. I think I have read every commentary published upon the Testament, as well as many different issues of the Authorized Version with marginal references. In my work I came across many curious volumes. There was, for example, a big Bible with large marginal references published privately in two volumes by Mr. John Rylands, of Manchester. Hearing of the work I was engaged upon, Mrs. Rylands was good enough to give me copies of these volumes." To aid Dr. Greenup in his task very large sheets were printed with the Gospel text in large type, with very ample margins. On these margins he compiled his list of references. "One verse may have taken me ten years to complete," said the doctor, "by my returning to it again and again. It was extremely trying work, and at one period my eyes gave way and I had to cease work for a time."

CONTINUED PROGRESS -- AND THE REASON.

The first two months of 1910 give The Great West Life a business \$305,596 greater than January and February of 1909. The Gain for the two months is \$1,284,580, making the Business in Force on March 1st \$47,270,360.
The reason for this substantial success is readily found. More and more of those needing Life Insurance are enquiring why The Great West Life should, for three successive years, write the largest Canadian Business. In the Premium Rates—The Profit Returns—and the Policy Provisions—they find good and sufficient reason. Investigate for your own satisfaction.
