WHEN you make long distance
calls by telephone the charge
does not begin until you begin
to talk to the party wanted. You
talk direct, get your answer imme-
diately, and you pay only for the
actual time of conversation.

Did you ever see how the time is
computed at the telephone office?
Next time you are near, drop in and
see the calculagraph. This is a clock
and a stamping machine combined,
and the elapsed time is accounted for
by the second. When you see how this
machine is used you will know that
every effort is made to be absolutely
fair.

If at any time you are dissatisfied,
give us an opportunity to adjust
matters.

Prepare for a Good Position

The demand for competent office help was never greater than today. So many men have enlisted, so many office men have been called to the colors under the conscription law, that business men find it impossible to secure competent help. Now is the time to prepare.
