

PROSPECTS FOR EARLY SETTLEMENT OF SPRINGHILL STRIKE GLOOMY; COMPANY'S ATTITUDE STUBBORN

HALIFAX, N. S., Sept. 9.—The conciliation board reconvened in Springhill today after an adjournment since the first of August. The meeting was viewed in a hopeful light, as it is the first time the company and the men have been face to face since the strike began.

Chairman Judge Patterson and his associate members, P. S. Archibald and R. B. Murray, were present. Representing the company were General Manager Cowan, Assistant General Manager Stewart, and W. D. Matthews, while H. Mellish, K. C. Halifax, was at hand to advise the company's counsel. F. W. A. Lodge was represented by their former committee, Seaman Terrie, Wm. Hodge and D. C. Matheson.

Chairman Patterson stated that he had been advised that the present was an opportune time for the settling of the board would only be to the disputes were not adverse to the reconvening of the board. He stated that if the board's services were needed in any way to facilitate an approach between the men and the company, the board would only be to the disputes were not adverse to the reconvening of the board. He stated that if the board's services were needed in any way to facilitate an approach between the men and the company, the board would only be to the disputes were not adverse to the reconvening of the board.

Castles Moulded in Sand at Jackson School Playground, Philadelphia.

All the work on them has been done by the Philadelphia children who use the yard of the school for summer recreation. Sand moulding is taught for one-half hour each day, and the manner in which the castles are constructed reflects credit on pupils and teacher. Similar work done at the school a year ago attracted the attention of educators all over the country.

CAMPBELLTON'S NEW OPERA HOUSE OPENED

Madame Yulisse Harrison Was the Stellar Attraction—Prominent People Present—Other News of Interest.

CAMPBELLTON, N. B., Sept. 8.—The new opera house was opened to the public on Friday evening with a large and appreciative audience. Madame Yulisse Harrison, Canada's prima donna, delighted the audience by rendering selections of the highest order. Madame Yulisse was listened to with great pleasure and the encore after her first selection proved that she had captured her hearers. In the "Indian Song from Lakina," she was especially fine. Madame Harrison has an exceptionally fine voice and the people of Campbellton are to be congratulated in securing such an attraction to entertain their Opera House.

The local talent (who assisted in making up the fine programme) are also deserving of much praise. The singing quartet, "Helene Thamer," by Miss Mary Richards, a Wolfville graduate, was well rendered. Miss Richards was listened to very earnestly all through her fine selection and proved to the citizens that they had in their midst an elocutionist of great ability.

The violin selection by Miss Mary Redden was highly enjoyed by all. Miss Redden, who is a pupil of Mount Allison, showed her skill and careful training. "The Song entitled, 'The Bandolero,' by Prof. T. D. Williamson was another very pleasing part of the programme. Prof. Williamson has a fine voice and his recitation was greatly enjoyed by all. Miss Winnie Harper as piano accompanist, proved all that could be desired and deserves much credit for her very excellent playing.

On the platform were several of the prominent gentlemen of the town. Among the number were Mayor Murray (who presided), John McAllister, William Currie, M. P. P., W. A. True-man (town solicitor), Theodosius Bosc (American Consul), and J. S. Benedict (ex-American Consul), all of whom delivered short addresses in which the Opera House was favorably spoken of.

A telegram was read by the manager, W. D. Dinwiddie, from Hon. C. H. Lablache, Dalhousie, wishing him every success in the opening and regretting that he and a party of forty were unable to attend owing to the inclemency of the weather. Another message was also read from James Reid, M. P., regretting that he was unable to be present and extending his heartfelt wishes for the success of the new Opera House and management. W. A. Mott, ex-M. P., also regretted that he was unable to be present owing to illness in his family.

The people of Campbellton are the possessors of an Opera House which will meet the demands of the town for many years, and one which cannot fail to please all performers.

Boarding house accommodation in the town of Campbellton is something of a premium. Probably the large floating population made up mostly of men who work in the saw mills during the summer season and stevedores whose work closes with navigation, is in part responsible. The new lady teachers have had a very trying experience the past ten days in finding suitable quarters. In fact, several were on the point of throwing up their engagements and leaving for home. It was not until Thursday, that the last one found a boarding place.

Mrs. J. S. Benedict, wife of the American Consul, who is about leaving for St. John's, Nfld., was presented with three addresses as an expression of appreciation. One was from the Women's Auxiliary of Campbellton, accompanied by a certificate of life membership and a gold badge. The second was from the rector and congregation of the Episcopal Church and the third was from the members of the W. C. T. U. accompanied by a fountain pen.

Mrs. O. J. Loughheed is spending her vacation at her old home in Toronto. A number of our young ladies are returning to college and seminary and will be greatly missed in the town. The Misses Mary Starratt, Jean McLatchey and Maud Nickerson left this week for Acadia Seminary. Miss May McIntyre left Thursday morning for Newcastle to resume her studies at St. Mary's Academy.

GETTING READY FOR COLLINS' THIRD TRIAL

It Will Commence in a Few Days in Albert County No New Developments Since the Last Disagreement—The Case Unique in New Brunswick

MONCTON, Sept. 10.—With Judge Hamilton presiding, Thomas P. Collins, the young Englishman charged with the brutal murder of Mary Ann McAulay at New Ireland, Albert Co., over a year ago will on Tuesday, Sept. 11th, face the beginning of his third trial. Once Collins has stood within the shadow of the gallows, escaping the hangman's noose through a legal technicality, and on the second trial the jury disagreed. His third trial will be the last sitting, owing to the number of challenges which the defense took the panel was nearly exhausted. Considering the nature of the case and the fact that it has been tried before no doubt there will be considerable difficulty in getting a jury even from the large panel summoned. Cases both for the defense and the crown will be conducted largely along the same lines as in the two previous trials. It is understood that Collins will again go on the stand to give evidence in his own behalf. Mystery surrounds the finding of the axe which again plays an important part. It is understood that a fund towards Collins' defense is being raised in Moncton at the present time.

WASHINGTON, Sept. 9.—While no information of an official character has reached the British Embassy, Department concerning the summary and violent expulsion of Sikhs from Bellingham, Washington, it is confidently expected that, if the facts were as reported in the press, Ambassador Bryce will soon be heard from. It is expected that as soon as the British Consul officer, who is reported to be looking into the matter, has completed his investigation and communication with the British Embassy, a formal complaint will be lodged with the American State Department.

All the state department can do is to follow the precedents established in Wyoming, Louisiana, California, and elsewhere in cases where foreigners have been mobbed or killed. That is, the department, in the name of the President, may address the Governor of Washington transmitting perhaps, the complaint of the British Embassy, if there should be one, and requesting him to take steps to prevent a recurrence of the trouble.

If the aggrieved individuals care to do so, they must bring civil actions against the municipal authorities at Bellingham in the local courts. If, however, it should be found impossible to secure justice at the hands of the local judiciary, then the executive will recommend to Congress that indemnities be paid to the victims.

The British Government is likely to find itself embarrassed in dealing with the Bellingham incident, because of the ever-present danger of similar outbreaks upon the East Indians, who are numerous in British Columbia, so that if once this case is presented with undue strength and insistence, the precedent established may be troublesome to the Imperial authorities, if they in turn are called upon to pay damages for injuries to persons and property sustained by the Hindus—who are after all British subjects—at the hands of the British Colonials.

The poet Campbell found that "Coming events cast their shadows before" and "This distance lends enchantment to the view."

Some Fears are Expressed in British Columbia Regarding Violence Against The Hindus

PROVINCIAL NEWS.

GIBSON, Sept. 8.—Mr. and Mrs. Ralph Pulitzer of New York, after a two weeks' fishing trip to the headquarters of the Little South West Miramichi, returned on Monday at noon and left by the evening train for Bar Harbor. They had a very pleasant outing and caught a great many trout. They were accompanied by a large number of men around the lakes. They had Charles B. Love for guide and George Love for cook and were much pleased with their services. Mr. and Mrs. Pulitzer hope to come this year next summer.

The many friends of Dr. J. B. Crocker, dentist, are pleased to learn that he is on the road to recovery from a very severe attack of appendicitis, for which he was operated upon by Dr. Atherton of Fredericton at the Victoria Hospital on Sunday. For a time his case looked quite serious, causing much anxiety.

J. B. Kinghorn, J. A. Reid, J. Gaston Settle, G. N. Gerguson and C. J. B. Simmons of Gibson returned yesterday from a successful duck shooting expedition to the Portables stream. They bagged six brace of black duck and all had a most enjoyable outing.

On Thursday evening last F. J. Collins was the victim of an accident serious enough to confine him to the house for several days. His horse took fright while Mr. Colter was harnessing him in the yard of his house and started house pulling him quite a distance. He was thrown down heavily to the ground and his arm and leg were badly injured. He was stunned by the shock and had to be carried into his house by two men. At last accounts he was somewhat better but not able to move about without crutches.

Miss A. A. Gallagher of St. John is visiting her brother, John P. Gallagher, Rev. George B. Payson of Fredericton, who is much improved in health, was calling on friends here on Monday. Miss Winnifred, daughter of Rev. and Mrs. W. B. Thayer, left today for Mount Allison to enter upon her fourth year at that institution.

William, son of Mr. and Mrs. Edward Johnson, has recovered from his recent illness and is able to attend school again. Miss Annie Dinmore is quite ill and confined to her bed. Mrs. Dinmore is now residing in the upper part of the house partly occupied by Mr. and Mrs. Titus on Bridge road.

Mr. and Mrs. Charles W. Weddall, accompanied by Mr. and Mrs. Dow S. Simmons and J. B. Simmons, left for New Brunswick, if not for a fishing excursion. After spending a few days very pleasantly with his friends, Mr. Mary Henry, in St. John Miss Ina Matthews returned home on Tuesday morning by the early C. P. R. express.

DALHOUSIE, N. B., Sept. 4.—The concert given by the Sons of Temperance in their hall, Monday night, was a decided success. Fifty-three dollars was cleared, which is to be used in purchasing an organ or piano for the temperance hall. The programme was full and well carried out.

The grand ball held at the Inch Arran Hotel on last Friday evening was well attended, over 300 invitations having been issued. Charlie Doyle, returned from Nova Scotia recently, having accompanied Mrs. Doyle and family to their home. Mrs. Doyle and family have been spending the summer months in Dalhousie.

Confirmation services were held in the Roman Catholic Church last Sunday by Bishop Barry. Mrs. Geo. G. Seelye of St. John is visiting her son, George Seelye, policeman, of Dalhousie.

William Gallup is on a business trip to St. John. Mrs. Albert Gallup of Campbellton is visiting her sister, Mrs. Wm. Gallup. DALHOUSIE, N. B., Sept. 5.—The recent parish elections for councilors for the town of Dalhousie gave the following returns: John Lawlor and Archibald Murelle for the parish of Durham; Wm. Jamieson and Joseph Goulette for Colburn; Dennis Arsenault and Wm. Gillette for Balmoral; A. G. Adams and John McNeill for Addington; George Dawson and J. C. Heiser for Eldon; R. Stonge and James B. Stewart for Dalhousie; Wm. Montgomery for the town of Dalhousie, and J. Howe Taylor for the town of Campbellton.

CAMPBELLTON, Sept. 5.—The attorney general of the province of Quebec has issued actions against several prominent citizens of Campbellton in order to collect a certain fine provided for by the laws of the province of Quebec against parties not domiciled in that province, but who fish there without having first of all obtained a license to do so. Three years ago the Quebec legislature passed a law stating that persons not domiciled therein must pay a tax of twenty-five dollars in order to fish salmon in the Quebec waters. A number of the people of Campbellton are owners of real estate in the province of Quebec and have always objected to pay the tax and have continued fishing. Hence the actions that have been issued. The Quebec bailiffs have not yet had an opportunity to serve these actions, and your correspondent does not advise the present time of the details connected therewith, but is informed that some of the actions have been issued in the superior court for the sum of eight hundred dollars. It is also reported that the Quebec authorities have selected only certain parties—those whom they thought would not be in a position to fight the case. If this is true they will be disappointed, as the Campbellton people intend joining hands in order to test the validity of the law. They claim that the law is not constitutional and will take the case to the highest courts in order to have a decision. The firm

LOCOMOTIVE BOILER EXPLODED AT TORONTO, BLOWING FIREMAN THROUGH CAB WINDOW INTO FIELD—HAS CHANCE OF RECOVERY

TORONTO, Sept. 9.—The crown plate of the boiler of a C. P. R. locomotive blew out today, and the explosion sent the fireman, Thos. D. Miller, of Toronto Junction, who was shovelling coal into the firebox, flying clear out of the cab, across a railway fence and into an adjoining field. The crew rushed to the comrade. His clothes were on fire and his face and body badly burned.

LOCAL I.C.R. FACILITIES INCREASED; WINTER SUBURBAN SERVICE

OTTAWA, Ont., Sept. 8.—The two last additions to the government, Hon. George Graham and William Pugsley, attended a meeting of council today for the first time.

There will be a suburban service between St. John and Hampton throughout the winter. Hon. William Pugsley had an interview with the minister of railways, and he promised that the motor-car would continue to make trips throughout the winter months.

Mr. Graham also agreed to have the intercolonial yard facilities at St. John increased and the erection of a flour warehouse undertaken at once. Dr. Pugsley will leave tomorrow for the east.

There were also charges of a different character. The medical staff was present at the meeting last evening and Dr. Atherton changed his charges for some patients at the hospital, will give evidence as to conversations that it is alleged they had with the matron and in which the latter praised up Doctor Vanwart. Dr. Atherton charges that this Matron favors Dr. Vanwart to the detriment of the other doctors.

As the matter now stands it looks as if the matron must go or the hospital will lose its nursing staff.

HOSPITAL NURSES WILL ALL RESIGN If Matron Is Not Dismissed at Once

Interesting Charges in the Fredericton Investigation—A Cook Who Would Swear Occasionally.

FREDERICTON, N. B., Sept. 10.—The death occurred at the private hospital here at an early hour this morning of Mrs. Abraham Emack, of Gibson, aged 87 years. The deceased leaves besides her husband, three sons, Miles, Albert M., Thos. T., and two daughters, Mrs. Wm. Robinson, of Albert, and Sadie M., at home. She also leaves two brothers and four sisters. About a month ago Mrs. Emack cut her finger, from which blood poisoning set in, which finally caused her death.

The trustees of Victoria Hospital held an interesting session last evening, which lasted past midnight and today the meeting forms a general topic for conversation. The trustees received a great surprise last night when all the nurses of the institution appeared before them and gave that body to understand that they would have two weeks to obtain the services of another matron and in the event of not dismissing Miss McCallum, the present matron, in that time that the nurses would resign in a body. Senator Thompson, who presided, asked the nurses if they were their ultimatum and they said it assuredly was. The several nurses were heard by the board and their evidence to say the least was extraordinary. Among other things they charged that this matron "employed a cook who would swear at the nurses occasionally" and that the food at the institution was not what it should be.

Asserts Soul is Material
IT CAN BE WEIGHED
A Boston man says the soul can be weighed. He knows this because he has tested a lot of cases before and after death.

The weight this investigator gives for an average human soul is two ounces. This is the sort of fool science that some men give up. It is more to the point to tell us how to maintain a healthy body—how to get well if sick, and how to be able to do good work and keep cheerfully at it.

Poor health is the result of poor blood. If you let your blood get pale and thin, then all the organs of the body are sure to get weak. Ferrozene is the remedy. Ferrozene is the quickest, surest body and blood builder. Thousands have been restored from failing health or complete nervous prostration by Ferrozene, which builds up tired nerves and helps you to get sound, refreshing sleep every night. Ferrozene gives an appetite as sharp as a razor. There is lots of pleasure eating when you take Ferrozene. Ferrozene cures all your troubles and the soul of Ferrozene. Get a box from any dealer and see if this is not so.

\$50,000 BOSTON FIRE

BOSTON, Mass., Sept. 9.—A fire in the six story brick building at 123 to 144 Commercial street tonight, did a damage of \$50,000. The blaze started in the basement of the structure from some unknown cause and, shooting up the elevator shaft, was eating its way through the roof before it was discovered. Owing to the quantities of illuminating and lubricating oils stored there a second alarm was skipped and a third brought a large amount of apparatus to the scene. A party well acquainted with the firemen in confining the flames to one block.

Starting a Sacrifice
45 Acres \$600.
Including Comfortable Buildings
Five room house, good repair; barn for 3 cows and horse; 2 hen houses; poultry party; main road, a step from school; ten minutes' drive to village; apples, peaches, plums, pears; to settle estate immediately price only \$600.
