The new booklet contains a wealth of vital and valuable information on this subject. It comprises sixty pages, divided into five parts.

Part I. contains the history of Copper Metal, the part now being played by American Miners in the World's production and demand, together with a forecast of the future of the red metal.

Part II. is devoted to Copper Securities, the history of the share markets and the present relationship of securities prices to the new conditions in the metal.

Part III. contains Copper Statistics of incalculable value to the investor and speculator, showing production and consumption figures, price ranges, dividends, etc.

Part IV. represents an analysis of thirty-five Copper Companies, giving capitalization, funded debt, officers, dominant interests, property location and acreage, ore reserves, costs, annual output, and at the end of each Company statement the Company analysis is appended a table showing earnings per share with each variation of 1 cent per pound in the price of Copper Metal.

Part V. gives instructions for trading in Copper Securities, together with a brief description of the business of CHARLES A. STONEHAM AND COMPANY.

The booklet is handsomely and attractively printed in two colors, bound in Copper colored covers, and is a de luxe edition.

Dr. Dernberg Departs to-day From U. S.

By Special Wire to the Courier.

New York, June 12.—Dr. Bernhard Dernberg, the former German colonial secretary, who has been in this country for several months during which time he has delivered several speeches defining the German point of view in the war, bade farewell to friends here to-day in preparation for sailing for Bergen, Norway, on board the Norwegian-American Line Steamship Bergensjord to-night.

Dr. Dernberg will cross the ocean under an assurance of safe conduct given to the state department at Washington by the British, French and Russian embassies. No official

announcement had been made as to whether he would remain in Scandinavian countries for a time or go direct to Berlin.

After Count Von Bernstorff, the German ambassador, announced that he would discontinue interviews Dr. Dernberg was regarded as the leading exponent of German views in this country. One of his most notable utterances was a letter read at a mass meeting in Portland, Me., in which he disclaimed for his country, any ambition for world dominion, but insisted upon an open sea and a policy of free intercourse. His speeches and interviews reached a climax when he attempted to justify the sinking of the Lusitania, although expressing regret for the loss of American lives. There were intimations that through the German embassy he might be invited to leave the United States, but about a month ago, the German embassy declared that he would depart on his own initiative.
