Here and There

Seeding in Alberta was two weeks later this year than last.

A second party of Swiss immigrants recently arrived at St. John and the Melita and are en route for the West, where they will engage in agriculture.

Twenty-two thousand immigrants to Canada from the United States were inspected on trains and highway crossings at the 33 points from Port Arthur to Kingsgate, B.C., during March of this year.

To date the port of Vancouver has shipped or booked 17,000,000 bushels of wheat to the Orient and South America. The railroads expect at least 2,500,000 additional bushels to be shipped this way in the near future.

The memory of the early missionaries of the Oblate Order will be perpetuated by the Canadian Pacific Railway, and several stations on the extensions of their lines between Kipawa and Quinze will bear names of early members of that organization which did so much for the colonization of the country.

There are thirteen new paper making machines being installed in Canadian paper mills this year. When erected and running full these machines will consume more than 350,000 additional cords of wood a year. Canada is already annually consuming and exporting more than 5,000,000 cords of pulpwood, representing the growth of a century or more on 1,250,000 acres of land.

A new service for motor tourists desiring to pass between the mainland and Vancouver Island has been inaugurated between Bellingham and Victoria. The Motor Princess, with a capacity for fifty automobiles and 250 passengers, plies twice daily between the ports. This boat is motor driven and the first of its kind to be operated on the Pacific side of the continent.

In 1922 Canada produced 2,418 tons of salt cake, valued at \$54,804, and 1,329 tons of Glauber salts valued at \$42,719, according to government figures. There are a number of immense deposits of Glauber salts in the province of Saskatchewan, which are at the present time only in the initial stages of development, but it is anticipated that the next few years will see a considerable increase in production.

The Canadian exhibit at the British Empire Exhibition, to be held in London from April 20th to October 31st, 1924, is to be financed, controlled and directed by the Federal Government. The estimated cost is \$1,000,000. The two Canadian railroads are planning exhibits on adjoining sites, each with a floor space of 10,000 feet. The cost of the Canadian Pacific exhibit is estimated at \$300,000.

The Canadian Pacific steamship "Empress of Russia," upon her last sailing, carried a shipment of Canadian frogs for Japan. Cool space was reserved in the hold of the liner and the travellers were well packed in ice. On being taken ashore at Yokohama these frogs will be gradually warmed until they are ready to be let loose, when they will be liberated on the laws of Japanese importers with the idea of giving the Japanese a new industry in the production of frog legs.

The Canadian Pacific Telegraphs have announced the following reduced rates per word for cable messages to the following countries effective to-day:—Austria, 30 cents, Belgium 23 cents, France 22 cents, Germany 25 cents, Great Britain and Ireland 20 cents, Greece 25 cents, Hungary 33 cents, Italy 25 cents, Spain 33 cents, Switzerland 27 cents. The 25 cent per word rate to Great Britain and Ireland is still in effect for special rush cables. Corresponding reductions have been made in the rates to other countries in Europe and beyond via Atlantic cables, and the new deferred rates will be one-half of the full rates quoted above except to Great Britain and Ireland, where the existing deferred rate of 5 cents per word is unaltered.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

Strawberry Plants
Howard No. 17
More dollars are made in growing this wonderful Staminate variety than any other kind. All growers of our acquaintance who have fruited it, say the same. Plants very vigorous with perfect foliage. Berries large, firm, very beautiful and delicious. Season very early to late. We picked our first berries for market last year (1922) on June 5th, and had good berries well into July.
Plants \$1.50 per 100. \$10 per 1000

PROOF that the Ford is recognized as a farm necessity, is shown by the fact that when the Committee on Agricultural Conditions investigated the prices of things entering into farm production, they investigated the price of Ford Cars to the exclusion of every other make of car.

AMATEUR
Photographic Supplies
Waterdown Service

Frequently we have been asked by customers to stock Films, etc. Realizing that a complete amateur service was needed in Waterdown we have secured the local agency of the Canadian Kodak Co., handling the full celebrated Eastman photograph line comprising the Brownie and Premo Kodaks, Films, Developing Paper, Solution and all Developing and Printing Apparatus, etc. We are also adding a Printing and Developing Department, and in this branch of the service can guarantee our patrons prompt and satisfactory work at City prices. We are sure that local Photo fans will appreciate our efforts to serve them.
