The Manufacturers Life Insurance Coy

Money for Total Abstainers

The figures in the following table, show what percentage the actual cost of insurance has been of the expected cost during the last few years in the two classes of insurers in this Company in Canada.

	1911	1910	1909	1908	1907	1906
Abstainers Sec.	44.87 pc	32.30 pc	34.65 pc	38.22 pc	39.00 pc	35.93 pc
General Sec.	79.59 pc	51.28 pc	15.11 pc	82.11 pc	72.75 pc	60.64 pc

This is no matter of theory, but a proved fact. Total Abstainers make an actual saving in dollars and cents by placing the life insurance with us.

Appointed Chief Engineer

Mr. J. M. R. Fairbairn has been appointed chief engineer of the C. P. R. system, replacing Mr. J. G. Sullivan, chief engineer, who is retiring to enter private practice. The announcement is the announcement by special circular issued by Sir George Bury Vice-President, and approved by Lord Shaughnessy, the President.

Too much credit cannot be accorded Mr. Fairbairn, whose rise has been the result of sterling service rendered to the company since he joined them in 1892. Mr. Fairbairn was born in Peterborough 45 years ago. He entered the Toronto University, where he graduated.

Following a short private practice in British Columbia, Mr. Fairbairn joined the Canadian Pacific Railway in June, 1896, in the Engineering Department and became Assistant Engineer at Montreal, August, 1901, and Resident Engineer at Ottawa 12 months later. After three years in the Ottawa Division, he returned to Montreal as Division Engineer, and was transferred to Toronto some months later, from which place he returned to Montreal in November, 1907, in a similar capacity. It was in October, 1908, that Mr. Fairbairn was made Principal Assistant at Montreal, two years later being promoted to Engineer of Maintenance of Way, and in June, 1911, was made Chief Engineer of Eastern Lines, a position he occupied up to the time of his present promotion, which is the highest railway position attainable.

J. M. R. FAIRBAIRN.

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

ALEXANDER MUNRO.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Baby's Great Danger During Hot Weather

More little ones die during the summer months than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach disorders, come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the home, where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will cure the baby. Mrs. Chas. Anderson, Minda, Alta., says: "Baby's Own Tablets are the best medicine for little ones who are suffering from stomach troubles. They cured my baby and have made her a fine healthy girl." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CAR FOR SALE—35 Studebaker, first class condition. Apply H. P. Wood, North Mountain—3 ins.

Potato Digging

All farmers know we are about to have a law enforced calling for the grading of potatoes which shall be branded as No. 1 & 2, second size or bruised potatoes must go in as No. 2 consequently the old digger with revolving forks in the rear must go as they very seriously bruise the potatoes. We are selling today a machine which absolutely does away with the bruising The Eureka. Read what Prof. Blair of the Experimental Farm, Kentville, and W. T. McCoun of the Supply Farms, Canning, say about the Eureka. We consider the Eureka the very best machine today on the market giving the best possible results and put up to stand long hard usage. Call in any intending buyer, talk it over, get price terms etc. We are selling agents.
