For Lung Troubles

Ayer's Cherry Pectoral certainly cures coughs, colds, bronchitis, consumption. And it certainly strengthens weak throats and weak lungs. There can be no mistake about this. You know it is true. And your own doctor will say so.

The Seal of Approval

Is given by Physicians to

Dr Hugo's Health Tablets for Women.

Doctors generally prescribe their own remedies.

They haven't a good word to say for liquid preparations, and people who know what these preparations contain, don't blame the doctors.

But it is different with Dr.

Hugo's remedy. Honest physicians are obliged

to admit its merits. They themselves prescribe many of its ingredients. Some give our Tablets to their patients (see testimony below) knowing that They Make Healthy Women

After consulting my physician and being told that I was suffering from a run-down condition which accounted for many other ills, with which I was suffering, I with which I was suffering, I was presented with a box of brown tablets. I took them and in less than a week began to improve and before two weeks had elapsed was so much better that I set congratulations were due my physician. Upon complimenting him I was honestly informed by him that I had been taking Dr. Hugo's Health Tablets for Women. It is of little consequence how I obtained the medicine, but of one thing I am certain, I have received greater benefit from it than any other medicine I ever used. The great curative powers of this emarkable remedy is attracting much attention and everywhere it has been introduced it is win-Tuck's Bone ning its way among the people. It is a

powerful, penetrating oil which we believe has a larger percentage of cures of rheumatism to its credit than any other remedy ever offered for this dread disease: It acts directly on the one-the lodging place of rheumatism-dispels the poisonous acid from the joints to be carried out of the system in the natural wav and by its plendid work has proved that the surest and quickest method of getting relief from the torturing pains of rheumatism, as well as the common

sense way, is by a direct attack on the affected part. For the small ills of life it is invaluable. Mrs. W. H. Thomas of Lombardy writes as follows :-- I was subject to stiff neck. Suffered for years and have been as long as two weeks at a time not able to turn my head without turning my whole body. I doctored and got relief only to have the trouble return again. In August last I had a severe attack and I tried Tuck's Rheumatic Bone Oil having been read ing in the papers about how good was for rheumatism &c Three appli cations completely cured me and I have had no return of the trouble since.
