FRIDAY EVENING, JAN. 17

We are getting along very well as we are. The people have implicit confidence in their rulers, and have thrice declared that they favored the protect tive policy of Sir John Macdonald and La Grippe Gets in its Work-A Homehis colleagues.

During the present session of the Deminion Parliament the utterly hopeless condition into which the Liberal party has been allowed to drift must make itself apparent to all. Their leader is a continual source of weakness, owing to his inability to keep his party together. But then is treasonable to suppose that he could lose? The rank and file of the party ook to him to formulate a policy, but this he has signally failed. It is this he has signally failed. It is ue that he did adopt the one-plank thorm forced upon him her are making an interest of the control of the

At his good neighbor Brown,
"You kissed my wife upon the street."
I ought to Knock you down."
"That's where you're wrong," good Brown

But kissed her, that I ve not denied.
But kissed her on the cheekand I did it because she looked so handsome—the very picture of beauty

A FRENZIED WOMAN.

The Terrible Crimes of a Wife and Mother in Minnesota,

AN ORGAN OF DESPAIR.

Sensible people all over the Dominion have been enjoying a laugh during the past few days at the silty old Globe in declaring that Sir John Macdonald had sent the editor of the Mail to Washington to convince the Senate that Canada was ripe for ennexation. This was done, we were assued, in order that the Liberal fad should receive its death blow. We helieve the veteran Premier has not been bothering himself as to whether the Mail man was in Washington or in Timbuctoo.

Canadians are not anxious to adopt a policy which involves the surrender of their commercial independence to a people which is described by the Premier of Ontario as "hostile" to us. We are getting along very well as we are. The people have implicit confi-FAIRBAULT, Minn., Jan. 16 .- Jame

125th street, New York, certifies:—
"About two years ago, after suffering for nearly two years from rhehmatic gout, being able to walk only withgreat diacomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Saraparilla. I then deedded to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Saraparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-kinown medicine."
