Ayer's

Sarsaparilla. Tour Me, or that of some one near and dear te you, may depend on the use of this well-appreved remedy in preference to any ether preparation of similar name. It is compounded of Honduras sarsaparilla (the variety most rich in curative properties), stillingia, mandrake, yellow deck, and the lodides. The process of manufacture is original, skilful, scrupuleusly clean, and such as to secure the very best medicinal qualities of each ingredient. This medicine is not belied nor heated, and is, therefore, not a decoction; but it is a compound extract, obtained by a method exclusively our own, of the best and most powerful alteratives, tonies, and diurctics known to pharmacy. For the last forty years, Ayer's

Sarsaparilla

has been the standard blood-purifier of the world—no other approaching it in popular confidence or universal demand. Its formula is approved by the leading physicians and druggists. Being pure and highly concentrated, it is the most economical of any possible blood medicine. Every purchaser of Sarzaparilla should insist upon having this preparation and see that each bottle bears the well-known name of

Lowell, Mass. In every quarter of the globe Ayer's Sar, saparilla is proved to be the hest remedy for all diseases of the blood. Lowell druggiese unite in testifying to the superior excellence of this medicine and to its great popularity to the superior formulation.
