TUESDAY, SEPTEMBER 8th, 1908.

If a man has money to burn, he can easily find a woman willing to furnish the match.

High protection is the slogan of the Canadian Manufacturers' Association, but the Red Party no longer rules.

When the Japanese have a banquet they have the speeches first so that everyone can enjoy the meal.

The craze is hung out on the doors of the Tory organs. The "parity" victory in Colchester has proved to be a staggering blow.

Other newspapers may make wild guesses as to the date of election, but we have it for sure. It will be just one week after nomination day and Empire can guess almost anything.

An Ohio politician has been trying to dash his brains out against a wall. This seems unnecessary. A much more successful way for a politician to kill himself is to run his head against public opinion.

A political candidate in Nova Scotia is described as speaking with a ring of victory in his voice. This is an improvement over having "a ring in his nose" the ordinary attitude of the ordinary candidate.

The Canadian man appears to be in evidence early in the campaign. The Liberal party will say: "For the more years for Liberal." For the Conservative the slogan seems to be: "Pass the simonize ointment."

Mr. Justice Landry at Bathurst, N. B., has sentenced a two-year-old boy to the reformatory for a crime which he committed at the age of two years.

The Government has furnished additional proof of its determination to make the Civil Service Act of last session a measure of genuine reform by appointing to the Commission which will administer the Act, two such men as Professor Adria Shortt, of Queen's University, and Mr. G. C. Laroche, Barrister, of Montreal.

Mr. Shortt's name alone will inspire public confidence in the new Commission. He is a big Canadian and a publicist of national reputation.

WHEAT IN QUEBEC.

The Dominion Department of Agriculture in its latest crop bulletin gives the anticipated spring wheat crop in Quebec as 1,775,000 bushels. This is about a fifth of the consumption of the province, which is a large purchase for a small province.

The Conservatives were glad to get him. Foster, when a professor, at the U. N. B., was a Liberal and ran against Donville in Kings as an independent Liberal with exhibition earnings. Why doesn't Maclean turn his invective against Wood and Foster?

And Mr. Emerson might have added others. The late Dr. Stockton was a Liberal during all the best years of his life, and after he changed to the Conservative side, was sent to parliament with the support of Mr. Foster and Mr. Maclean.

A few years ago Mr. O. S. Crockett was an active Liberal, and only deserted that party when the late Hon. A. G. Blair, who had deserted one of the one party, and William Glover, entered the federal arena.

In the words of Mr. Emerson, "Why doesn't Mr. Maclean turn his invective on Mr. Crockett?"—Herald.
