An American exchange remarks:—Amateur baseball bids fair to flourish in Ontario this year. Notwithstanding its losses in the acceptance of places on American professional nines by several of its players, Hamilton will lead in clubs and perhaps good players. In England, E. T. Jones, of Leeds, defeated James Finney, of London, in a 440-yards swimming-race for \$500 and the championship in Waterloo Lake, Roundhay park, Leeds, Eng., May 10. He won by thirty yards in 6 minutes 54 seconds. Over 3,000 persons paid admission. Finney has swimp the distance in 6 minutes 12 seconds in the Westminster Aquarium, and although beatable at short distances, is considered unapproachable at anything over two miles.

Mr. John Dyment, of the Orkney Stud farm, Orkney. Ont., has sold to Mr. John Enright, of Dundas, his two trotting-bred mares Lady Almont, 6 years, and Queen Victoria, 5 years, for \$800. Lady Almont and Queen Victoria are full sisters, by the graud bred trotting sire Benedick out of Lady Rysdyk. Benedick is owned by Mr. Enright, who purchased him from the late Mr. Keene Richards, of Kentucky, and was sired by Almout, his dam being Susie Spears, a thoroughbred mare. Lady Rysdyk, the dam of Mr. Dyment's two mares, was bred by James E. Craig, of Albany, and sired by Old Hambletonian. So it will be seen that if breeding has anything to do with making a trotter, these two mares should do the Orkney Stud farm every credit. Before Mr. Dyment sold them, he had trotted Queen Victoria in 2.48, and is convinced that Lady Almont can do much better.

The race which Hanlan won so narrowly from Laycock ou the Parramatta river in Australia on the 22nd inst. seems to have been rather suddenly arranced. Hanlan, it appears, according to the original agreement, was to row Wm. Beach instead of Elias Laygock, but a difficulty, nowever, arose over the stakes, in consequence of Beach refusing to row on the Nepean river, Beach stating that he was willing to meet Hanlan at any time, provided the race was rowed on the Parramatta river. Mr. Hunt stated that in his understanding with Beach nothing was said about any particular course, and to this Beach replied, "I won't take \$5,000 and row Hanlan on the Nepean," Beach was selected to row Hanlan, because in a race between Beach and Trickett on the Parramatta river, April 3, Beach easily defeated his opponent.

The Torentos Retain the Lacrosse Championship.

About 3,000 people paid for admission to the new Rosedale athletic ground on Saturday to witness the first championchip match of the year. The weather was superb, being bright, clear, and not too warm. The ground was in excellent order. Shortly before halfpast three the teams faced each other for the first game, the Torontos in their old colours of dark and light blue, and the Montrealers in grey, with scarlet facings. WEEKLY REVIEW OF TORONTO WHOLESALE MARKETS.

PRODUCE.

Thursday, June 5.

The duliness and inactivity of previous weeks has been maintained through the last. There has been scarely anything offered, and there has been very little wanted. The local prices have continued very much unaffected by those of outside markets, and solong as we have nothing to export they will probably remain so. A dull summer seems a matter of certainty for Toronto. The event of the week for local grain circles seems to have been some frost last week, which was thought at one time to have done some considerable mischief to the growing crops. As full reports, nowever, come forward it would appear that the damage done has been almost entirely confined to fruits and vegetables, and not very extensive there, while grain would seem to have escaped almost entirely save in a couple of localities, and with a rather general light dash to barley. General prospects still remain fairly good on the whole. There has not been much variation in outside markets during the week. English quotations show a fail of 3d. on flour and a rise lift, oa com. Markets have been quiet and steady this week, but during last week were quiet. ENGLISH GRAIN MARKETS,

The Mark Lane Express of Monday reviews the English grain trade for last week as follows:

Despite the dry weather and the cold east and north-east winds last week the wheat crop is more than usually promising. The plant is excellent, and would soon respond to suitable weather. If the season is favourable there is the making of more than an average crop. The outlook for barley and oats causes anxiety. The wire worm is busy. In the off coast market there is little scope for business. There were three arrivals. Three cargoes were sold, two were withdrawn, and one remains. The sales of English wheat during the past week were 50.351 quarters at 37s. 7d., against 58.893 quarters at 43s.5d. during the corresponding week last year.
