Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Dye right! "Diamond Dyes Color Card"—10 rich colors.

## THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all. Insist on genuine "Bayer Tablets of Aspirin" plainly stamped with the safety "Bayer Cross"—Aspirin prescribed by physicians for nineteen years and proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Neuritis, and Pain generally. Handy tin boxes of 12 tablets—also larger "Bayer" packages. Made in Canada.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic Acid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

## OVER-ACIDITY

## Canada's Wheat Crop 100,000,000 Bushels Increased

Ottawa, Sept. 15.—That the Canadian wheat crop this year will be 289,000,000 bushels, as against 189,000,000 last year, is the latest official estimate of the Bureau of Census and Statistics.

The oat crop placed at 558,000,000 bushels, compared with 394,000,000 while barley will be 64,000,000 compared with 56,000,000 last year, and flax 11,000,000.

In the prairie provinces alone the wheat estimate is 280,000,000 oats 350,000,000; barley 48,763,000, and flax 10,817,000.

## Large and Small Hives

To contain the combs in bee-hives, the Langstroth frame measuring 17 1/2 inches wide by 9 1/4 inches deep has for many years been the size employed by most beekeepers. Some years ago it was the fashion to use a small hive holding only eight of these frames. The 8 frame hive, however, does not provide room enough for the eggs that can be laid by a prolific queen, and the 10-frame hive has been found more satisfactory, especially where Italian bees instead of black are kept, and extracted honey instead of comb honey is produced. A movement to use a still larger hive is now making progress. These larger hives usually contain either the frames of Jumbo size, which is two inches deeper than the Langstroth or twelve Langstroth frames, the latter making a square hive. Colonies in such large hives retain more stores for winter, and this is an advantage where the natural stores are wholesome for wintering, but a disadvantage where they are unwholesome. These large hives help to prevent swarming to some extent, but they are apt to be unhandy and cumbersome, and heavy to lift or move about. Comparison between the 10-frame Jumbo and the 12-frame Langstroth hives at the Central Experimental Farm, Ottawa, for one year has shown the former to be more satisfactory on the whole; the bees winter better in the Jumbo hive and it takes the regular supers, covers and floors, of the 10-frame Langstroth hive, while the 12-frame hive requires a specially large size of these. A super containing twelve Langstroth frames when full of honey is heavier than

## TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAME PETER LAMARRE  
Pointe St. Pierre, P. Q.

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Soothe-Salve' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Soothe-Salve' and 'Fruit-a-tives'.

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Soothe-Salve' completed the cure."

Dame PETER LAMARRE (file).  
50c. a box, 6 for \$2.50, trial size 25c.  
At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

many people care to lift. Combs deeper than the Langstroth frequently give better results in wintering.

The question of large hives, is however, chiefly one for the beginner and those who intend to enlarge their apiaries. Tapes who already have 8-frame hives can make them satisfactory by using two chambers instead of one, that is to say, a second hive body placed as a super over the regular brood chamber, for brood rearing and even for wintering. Those who have the regular 10 frame size and consider it not large enough can use a shallow super 5 1/2 inches deep, over it. There are, in fact, some important advantages in having two shallow chambers for brood rearing and wintering. One can usually tell when a colony is preparing to swarm by simply peering up the upper chamber and looking for queen cells containing larvae along the bottom bars of it's frames. If such cells are present, the colony will probably swarm within a week, and it will be advisable to treat it without delay.

The capacity of combs for brood bearing is often reduced by the stretching of the upper parts of the combs. This stretching may be prevented by using diagonal as well as the horizontal wires for gaining by having the top bars of the frames 1/2 inch instead of 3/4 inch thick.

While experiments with the larger hives will be continued, and we are favourably impressed with the 10-frame Jumbo for certain conditions, we have not yet sufficient data to modify general advice that has been given to beginners to adopt the 10-frame Langstroth hive.

## A Long Distance Layer

As a rule, hens lay two, or three eggs and then miss a day, some good hens lay more before they take a day off and we have known individual hens to lay five and six dozen eggs and not miss a day, but a record in long distance laying without a miss has, as far as we know, been established by the Experimental Farm, Poultry Division at their Kentville, N. S., Station, where a Barred Plymouth Rock pullet laid 104 eggs in 194 days.

This Barred Rock whose leg band No. 16 63, did not start to lay very early. In fact her first egg was laid on the 25th of January. She laid two eggs and missed a day, laid five eggs and missed a day, four eggs and missed a day, one egg and a miss, then two eggs but on the 18th of February she got down to business and laid every day for the rest of the month, every day in March, every day in April, and every day in May up to the 27th when she took two days off. After this time she took an occasional day off until the 29th of June when she became broody. When she went broody her total record was 104 eggs in 147 days.

## ADVANCE FOR C. N. EMPLOYEES

An advance in wages to be effective from September 1st, 1920, has been granted the employees of the C. N. R. by the Board of Directors. The advance is 10 per cent. and the Board has also granted a 5 per cent. advance in the cost of living.

## Alliance Would Seek Pledge In All N.B. Contests

Fredericton, N. B., Sept. 14.—While the Provincial Government were meeting at St. John yesterday the executive of the New Brunswick Temperance Alliance were meeting here with President Donald Fraser in the chair, making preparations for the part they propose to play in the coming general provincial election.

The Alliance executive decided to again urge the Government to convene the legislature at the earliest possible date and "pass the resolution prohibiting the importation of liquor into the province for personal use at once the first item of legislation."

Another resolution set forth that "in view of an election an effort be made to secure pledges from every candidate nominated," the executive having approved of "the recommendations of the committee in having candidates of tried and true temperance principles nominated for the legislature at the next provincial election, and that we take such steps as are required to bring about this result." The Alliance also wants to nominate the commission to administer the prohibition act after October 31st next when all present licenses expire.

## The Value of the Small Town Newspaper

The value of a live newspaper to a town cannot be overestimated, says a small town editor.

It is the ambassador of the town and wherever it circulates the town and its people are judged by it. If it covers its field in a creditable manner it also reflects credit on the town wherein it is published. If it is a weak-kneed sheet, lacking in character, the town where it came from is very liable to be marked down as a back number.

Advertising is the cheapest salesman one can employ. With the increase of advertising has come a change for the better in country papers. It costs money—real money and lots of it to run even a small country newspaper.

## Will Morning Never Come

DOES this illustration picture your experience?

What is more distressing than being unable to sleep?

Sleeplessness is one of the first and most certain symptoms of exhausted nerves.

This is the warning that you need the assistance of Dr. Chase's Nerve Food to restore vigor to the nerve cells and thereby avoid the development of serious nervous trouble.

By improving the quality of the blood and building up the nervous system this food once brings new energy and strength to the whole body.

It costs a box, 6 for \$2.50, all dealers of Medicine, St. John, N. B., Canada.

*The Nurse told Her to Give*  
**OLIVEINE EMULSION**  
THE GREAT HEALTH RESTORER

South Brookfield, Queens Co., N.S., Oct. 1919.  
"Our little girl was very sick with Stomach Trouble and different foods were recommended, but everything failed until a nurse told me to give her OLIVEINE EMULSION. She is now a big, healthy baby and I would not be without it in the house. For coughs and colds and as a health builder it is the best to be had. We recommended OLIVEINE EMULSION to quite a few who were suffering from the effects of influenza and they used it with good results." (Name on request)

OLIVEINE EMULSION is more than an ideal cough remedy, to pave the way for a quick recovery from heavy colds and deep-seated coughs. It is a body builder—gives strength to the weak—tones up and invigorates the whole system. It is pleasant to take and is agreeable to the most sensitive stomach.

Sold everywhere.
