R. C. CATHEDRAL.

The solemn Office of Tenebrae was sung at the Cathedral last night, His Grace the Archbishop being present. The church was filled to the doors, even the ambulatories being crowded. Rev. Fr. Ashley sang the first Lamentation from Jeremiah the Prophet; Mr. C. Hutton, in the choir, the second, and the college boys in the Sanctuary, the third which was rendered in beautiful harmony by trebles, basses, tenor and alto. The Benedictus (Canticle of Zachary) was rendered alternately by the choir and Sanctuary. The singing of the Miserere Me in almost total darkness of the Church, representing the desolation that overshadowed the earth at the death of Our Divine Lord, was most solemn and suggestive.

After the Tenebrae service was over hundreds remained in the Church to approach the Tribunal of Penance. This morning upwards of a thousand people attended the Church as early as seven o'clock to receive Holy Communion, and between the hours of 7 and 9 o'clock a regular stream of people might be seen going in and out of the Cathedral.

At 9 a.m. High Mass was celebrated and the Procession to the Altar of Repose took place. The church bells which rang out at the "Gloria in Excelsis" in honor and thanksgiving to Our Divine Lord for the institution of the Blessed Eucharist, will not be heard any more till during the Mass on Holy Saturday, the silence in the interval being expressive of the mourning of the Church for the death of her Spouse.

This evening at 7.30 the Office of Tenebrae will be sung again, after which Rev. Father Pippy will preach the sermon on the Blessed Eucharist.

GOOD FRIDAY.

To-morrow morning at 10 Mass of the Presanctified will be celebrated. The Church will be open three hours before to allow the hundreds that generally attend thus early to make the devotions of the Way of the Cross. The Church bells will not ring for Mass.

At 3 p.m. public Stations of the Cross will be conducted by one of the priests.

At 7.30 p.m. there will again be held the service of Tenebrae and a sermon on the Passion of Our Divine Lord will be preached by Rev. Fr. Gough.

Stops a Cough In One Night

The Story of Sufferers from Bronchitis, Asthma and Catarrh Proves the Value of Catarrhazone.

A cough may be Catarrhal with a dry tickling in the throat, it may be accompanied by partial stoppage of the nostrils and shortage of breath. Often there is a gagging in the throat, and every cough tears and hurts.

Coughs have a hundred different causes, your's may be due to any of the following:—

- Asthma
- Exposure
- Enlarged Tonsils
- Inflammation
- Stomach Disorders
- Inflamed Throat
- Bronchitis
- Pneumonia
- Croup
- Pleurisy

The one remedy upon which physicians are relying to-day is Catarrhazone. It removes the cause of the cough, doesn't smother it. Catarrhazone is a soothing, healing, "direct cure" and cures the conditions that cause the cough.

Catarrhazone is infinitely superior to cough medicines, tablets, sprays and emulsions, which for the most part are of no practical value except to ease the cough for the time being. Often liquid cough remedies contain opium, morphine and cocaine. With Catarrhazone you take no drugs—you employ Nature's way—just inhale Catarrhazone's soothing, healing vapor and relief and cure follow promptly.

It's simply wonderful to think how quickly a bad throat or catarrh can be cured with Catarrhazone. Its rich balsamic vapor is carried along with the breath to the innermost recesses of the lungs, bronchial tubes and chest, making it impossible for the germ of any disease to live. Thus soreness in the chest is at once alleviated—phlegm is loosened and ejected from the throat, old standing coughs are removed.

REMEMBER THIS, you breathe Catarrhazone and it will cure any Winter Ill. Large size, guaranteed, costs \$1.00, and lasts two months; smaller sizes, 25c. and 50c. Beware of Imitations and insist on "CATARRHAZONE" only. By mail from the Catarrhazone Co., Kingston, Ont.

Notes From Harbor Grace.

No further development in the report from smallpox circles. All the people under quarantine are doing well, and no other cases are expected. Of course it is too soon yet to "holler," but our citizens are beginning to breathe easy. The man Bray is improving splendidly, and some people passing his home yesterday heard him singing "to beat the band."

The weather is real spring like, and farmers are thinking of putting out their manure and picking up their farming implements.

From Black to White.

Negro's Adventure With Fire Turns His Hair White.

Richmond, Va., March 16.—By a harrowing adventure with fire and cold, Stephen Green, a negro's hair turned in a night from coal black to snow white. More than that, Green's locks, once kinky as is characteristic of his race, is straight as any white man's. Green and a companion while hunting in the woods lay down and slept before their camp fire. Green awakened with his clothing in flames. He ran for four miles through the snow for help, tearing off his burning garments as he ran; when he reached help he was almost nude.

Personal.

Mrs. A. A. Parsons left by train this morning to spend Easter with her brother, Magistrate Thompson of Briggs.

Mr. W. V. Drayton, who had been on a business trip around Conception Bay, returned by the shore train to-day.
