

"Standard" Bread

made from standard flour is a meat in itself!
White Bread is not.

ELLIS & Co.
Limited,

203 Water-st.,

Just received the first consignment of the

Celebrated STANDARD FLOUR.

What is STANDARD BREAD? STANDARD BREAD is the old farm-house loaf, made by milling good, sound, sweet, dry wheat, and taking out of the flour the coarser bran.

STANDARD BREAD is not a patent food, or a patent bread, it is just good BREAD, and it is called "STANDARD" by everyone, because it agrees with a standard fixed by eight eminent medical men in a Manifesto, published first by the "Daily Mail" on January 26th, 1911, and since widely republished by the newspapers of the world.

Since the doctors first published their Manifesto, STANDARD BREAD has been welcomed everywhere. For years it has been supplied to the King and Queen at Windsor Castle, and at Buckingham Palace. It is eaten by rich and poor, by young and old, by healthy people and sick people.

STANDARD BREAD has been used for years at many of the great hospitals for Consumption.

STANDARD BREAD made from STANDARD FLOUR has been completely summed up by a Harley Street Surgeon in this statement:—

"The short stature, the pale face, the weak chests, and the general degeneracy of the present generation, are greatly due to 'WHITE bread diet.'"

STANDARD BREAD made from STANDARD FLOUR is all right.

Doctors and learned scientists have declared with no uncertain voice for the plain-unadorned product of the WHEAT BERRY.

The trouble started when a man commenced to "Paint the Lily" to improve on nature.

STANDARD FLOUR contains 80 per cent. of the WHOLE WHEAT, including the germ and semolina.

Meting Out Justice.

To-day four drunks were discharged. A drunk and disorderly in his sister's house, will be brought before the court this afternoon, when the evidence of his sister will be taken. Sergt. Roseworthy summoned Rose Kelly and Rose Kennedy for fighting on George's Street, on the 8th inst. A fact to which the Telegram exclusively referred. The former was fined \$5 or 14 days and the latter \$2 or 7 days. Two men summoned by Const. O'Flaherty for loose and disorderly conduct were each fined \$1 or 3 days each.

A man was summoned for getting liquor for a blacklist, but as he showed conclusively that he did not know the man was on the blacklist, he was dismissed. A case between two fishermen in which one put his traps nearer than the law requires was settled between the two parties through their counsel, Messrs. J. J. McGrath and W. J. Higgins.

Why is This Thus?

Editor Evening Telegram, Sir—Young man named Francis Woods, figures largely of late in the public prints with reference to looking after the firemen who engage on ships leaving port. He is a conspicuous figure on Water Street. Now, if I mistake not, Mr. Woods has a position in the Museum building and is drawing a salary from the Government. Why is he allowed to be about the streets half his time on the work of the Firemen's Union instead of minding the work for which the public is paying him. I wish many others would like to know. Yours, TAXPAYER.

May Make Arrests.

Rumour had it yesterday that Gus James who is suspected of trying to defraud an Insurance Co. last fall by declaring that he had lost a schooner with her fish cargo while coming here, but which vessel was later found at Cape Broyle, had returned quietly to Trepassay. Officers Peet and Lee, it is said, were sent there to arrest him and to secure others alleged to be implicated in the matter. The police department will not give any information in the affair.

Tea Marked Down.

We learn from T. A. MacNab & Co., wholesale importers of Tea that there has been a considerable decline in the Tea market, and that to-day they are able to offer teas at exceptionally low prices. As this firm make a specialty of high grade teas of exceptionally drawing qualities, we think that buyers will find it to their advantage to place their orders with them.

SEALS VERY SCARCE.—The s.s. Prospero yesterday brought up 700 seals from different ports north. Very little was done this year with the seals down north, though they were plentiful enough. The ice was most of the time off shore and very stormy weather prevailed. Last spring far more seals were taken than this. The Prospero discharged the seals brought along at Bowring's.

COCHRANE STREET CHURCH.—A Song Service will be held on Sunday evening. The words of some popular and well-known hymns have been specially printed, and will be sung by the whole congregation. The Choir will sing a choral song, "Prayer for the Mariner." The Rev. F. R. Matthews will preach a sermon on "The Voice of Nature, as interpreted by Jesus." Ushers will be in attendance, and visiting friends welcomed.

Reciprocity.

This afternoon we received another letter from the Hon. John Harvey. We hope to publish it on Monday. A letter from Mr. Mann appears in this issue. It is passing strange that Mr. Mann should ignore absolutely Sir Robert Bond's famous fight for Newfoundland, and seek to honor Sir Ed. Morrison, neither of whom addressed the Hague Tribunal, and the latter of whom was a member of the party who opposed bitterly Sir Robert Bond's fight for Newfoundland against Gloucester.

Hard Time.

The schr. J. J. Nolan, Skipper Ambrose Ronayne, of Todd's Cove, arrived here last night after a hard experience. She left Todd's Cove at 10 a.m. yesterday and was Cape Spear at 2 p.m. The storm was then fierce and at its height. She lay to till 6 p.m. and it was only by good management that she was kept afloat. At 6.30 p.m. a tug went out and towed her to port.

Patients for Hospital.

A message came from Harbor Grace to Mr. Eli Whitehead this morning asking him to make arrangements for admission of a male and female patient. There is only room for one—a male. Room has also been asked for a female patient from Hant's Harbor. Kate Kenny and Miss Keefe of the city were also taken to the Hospital. All the beds are full there now and they are lying on couches.

Complained to Official.

The S. S. Bonaventure is ready to sail on her summer route to-day and is scheduled to leave at 2 p.m. Her firemen were, however, ashore all the forenoon and having a time, the ship's commander, Capt. Cross, was fearful that the vessel would be delayed by the stokers. According to articles they are supposed to go on board sober and if they delay the ship it was the captain's intention to sail without them. The captain complained to Minister Picot as to the trouble with firemen generally.

Skin Like Velvet.

It is greatly to be desired and is very attractive. There is one sure way of making your skin like velvet, and that is by using Snow Cream. It is neither sticky nor greasy, and the general verdict is "It makes your skin like velvet." W. T. COURTENAY, the Prescription Pharmacy, corner Duckworth and Prescott Streets, sells the Cream at 25c. per bot.—ap21,11

BOY'S PLUCKY ACT.—At 8 this morning a horse attached to a tax office a boy jumped up behind, climbed into the wagon, secured the reins and brought the animal to a standstill. Had he not done so some person might have been killed.

MAN REPORTED MISSING.—A young man named Wilcox, who formerly carried the mails at Salmonier, was reported missing to the police to-day. He was staying at the residence of Mr. E. White, Broad Square, and time he has not been heard from. It is believed that he met some friends and went off with them for awhile.

BLEW OPEN SAFE.—Mr. McLean, of J. J. McLean & Sons' tannery, Water Street West, had a letter yesterday from his brother, who runs a branch at Hopewell, N.S., saying that the place was entered by thieves a few nights ago. They blew open the safe and stole from it \$150 and all the firm's documents. It is thought up there that these burglars may have had something to do with the Grand Falls affair.

Dear Mr. Editor—give me space to give my long winded epistle, that occupied your issue of last eve or of which was, to argue against Capt. Bruce. As the article somewhat lengthy I permission, refer to paragraphs and sarcasm in paragraph.

Mr. Carroll's first passengers of such having charge of some of men. I submit, reference might be omitted, seeing roll can in no way credit for the gallantry that occasion.

The next couple of with light-hearted "music" voices, and bearing on the subject or the other.

We come now to Chief Officer Taylor down to facts, Mr. say that all Newf know him do feel not only from a plier after as Mr. Carroll infer from his letter was a "full-blooded Newfoundlander" and
