Disturbance at Railway Station.

About 5.30 p.m. yesterday a man from Bonaville Bay who had imbibed rather freely during the afternoon, tried to take charge of the Railway Station. He was going round the platform using profane language and challenging everyone within his radius to fight. A telephone message to the West End Fire Hall brought Constable Pitcher to the scene, who in endeavoring to quell the disturbance was surrounded by four or five of the offender's sympathizers and for a while a lively time ensued. Excitement ran high until Officers Smith and Crocker rendered assistance when the man was handcuffed and taken to the police station.

West End Citizens

Several citizens of the West End of the city are complaining strongly of the late hour at which the bowling alley closes every night. Many young lads of tender years congregate there nightly, setting up the "pines" for the players, and are, so we are informed, often detained there long after midnight. While these complaining are not opposed in any way to this form of amusement provided it be kept within reasonable bounds, they offer the suggestion that the management will attend to the matter, and see that the alley will be closed earlier for the future. Injustice to the children who are kept out so late, and the residents of that locality who are continually disturbed by the noise of the falling "pins," we feel that a reform in this direction would be most opportune.

The Frailty of Man.

We are all liable to error and will be so to the end of time—the most careful will make mistakes, sometimes, for are we not merely human? With the fact of our own frailty staring us in the face, would it be reasonable on our part to neglect the means placed within our reach for the elimination of error? Errors in the counting house are costly but they can be avoided by the use of present day inventions constructed as well as human ingenuity can suggest. It is to busy men that we speak—the other have no time to listen. To busy office-men the "Globe-Wernicke" devices come as a boon and a blessing, guarding as they do the essential records, which are the main vitality of business. These appliances are on view at Mr. Percie Johnson's office, and need only be seen to be appreciated.

"Miss Elizabeth's Prisoner."

The reproduction of "Miss Elizabeth's Prisoner," at the Casino Theatre, last night, drew a large audience. The performers were in good form, being more at home in their roles, and the presentation was, if possible, better than on the previous night, which was manifested by frequent applause. The ladies and gentlemen taking part deserve to be congratulated on the success of their efforts, while special praise is due to Mr. T. H. O'Neill who acted as coach and general manager for the production. Special thanks are also due to the Misses Johnson, who contributed the orchestral selections. The proceeds, which were considerably large, are for the funds of the St. Bon's and Felix Spencer Associations.

How One Burn Was Cured.

"Did you ever hear how that little girl of Mrs. Wells' got on—the one that had the nasty burn on her arm, you know?"
"Why, yes, she was perfectly cured, not even a scar remains."
"How was that managed?"
"Easily enough; Mrs. Wells got a box of a new ointment called Zylex, from her druggist—and in a very few days the burn was healed and the child's arm was well as ever."

Zylex is the latest, soothing and healing ointment, and is up-to-date in every respect. It is for sale by all Druggists. Price 50c. a box. Zylex Soap, 25c. a cake. Zylex, London—dec2.eod.f

Nickel Theatre.

There was a large attendance at the Nickel Theatre last night in spite of the other attractions. The program was witnessed with pleasure. Mr. Cameron, the man from Yorkshire, appeared with a new song entitled "More work for the Undertaker," and his rendition of it won the applause and favorable comment of all. He seems to have an inexhaustible supply of live comic songs and his appearance each night is looked forward to with pleasure. This evening there will be a new programme.

Roofing As Attractive in Price
—As in Color

You'll admit this roof looks attractive—in distinctive colors of red or green. But for most home builders its chief attraction lies in its remarkable economies. Let's begin with its first cost. NEPONSET Prostate Roofing costs less to buy than good shingles. Greatly reduces the cost of repairs. No shingles to split, crack or "curl up." Remember, the shingles of today aren't the shingles of 20 years ago. NEPONSET Prostate Roofing makes a water-tight blanket. And best of all, resists fire—is "spark-proof." Its protection from fire-hazard alone is worth all its cost. Its first cost is its only cost, too. Can you afford NOT to have NEPONSET Prostate Roofing on your roof?

NEPONSET

Waterproof Building Products

Roofings NEPONSET roofings are a fire protection, "leak-proof" and long-lived. Anytime can be laid. NEPONSET Prostate Roofing is for general use. NEPONSET Prostate Roofing is a waterproof roofing for dwellings, attractive colors.

Building Papers NEPONSET Waterproof Building Papers are built into walls and floors, the building will be warmer, will cost less to heat and will last years longer. Recommended by architects, engineers and building owners everywhere.

Wall Board NEPONSET Wall Board is a scientific product which takes the place of lath and plaster; comes in sheets 32 inches wide. Remember, it is the only wall board with waterproofed surface that resists so further decoration. Asple can put it up.

Are you going to build? Write for valuable information about modern ways to waterproof and weatherproof. Send for samples, free booklet and name of nearest NEPONSET dealer.
