Of course old folks are often very copie just are. You might as trying. Their ways are not our ways, days I speak of, when a man entered ts with them with the minitheir wishes are often not our wishes.

The booth and cast his vote he was well aware that there was no secret attached to the act, and as soon as he had voted he was well aware that there was no secret attached to the act, and as soon as he had voted he was well aware that there was no secret attached to the act, and as soon as he had voted he was well aware that there was no secret attached to the act, and as soon as he had voted he was well aware that there was no secret attached to the act, and as soon as he had voted he was well aware that there was no secret attached to the act, and never failed to prime, not only his standing committee, but the innumerable sub-old school can rest assured that the pler to have two separate households anyone interested could easily ascerof mine who has a very, when we are nervous and overdrawn when we are going to be irritable and imagent in the booth; he was openly

> the exception, that after the battle was fought there was less vindictiveness and malice as an after result than that which characterizes elections of most result and activity of the control of the con than that which characterizes elections of more recent days. In the days I speak of, after the contest was over—which was fought with determined bitterness on both sides—the various successive governments of the day put aside their rangour, and invariably displayed the most liberal generosity towards the members of the Opposition. I have known many instances in the late sixties and of the successful candidates through sarly seventies where members of the

many instances in the late sixtles and early seventies where members of the Opposition representing St. John's and the outports experienced no difficulty in obtaining favour for themselves and their friends from the government of the day. The sitting member, no matter on what side of the House his desk was placed, all ways had a recognized influence with the governments of those days, and many considerations were rarely alhe governments of those days, an party considerations were rarely a lowed to interfere with the reasonable demands of members of the opposition. The old-time contests at elections were so bitter and the battle aged with such determination get each other with feelings of t nost cordial good-will, and seemed orget that a few menths previous

in making him more afraid of your men sunk all thought of private and wrath than of anything else. But that personal considerations and fearlessis only a makeshift and one that a ly cast their votes for the party or decent person does not want to adopt principle which they considered stood unless absolutely driven to it by the for the best interests of their com-

patient sometimes, just as they are going to be fussy and slow and obstinate and irritating. But that is something to be recognized and combatted. Not to be justified.

agent in the booth; he was openly asked for whom he intended to vote, and he, as openly and boldly, answered the question.

In those days the party line was drawn as sharply as it is to-day, with he had always before his mind the possible doubtful chance of his elec-
