

Sir George has written a letter warmly thanking Riel, the murderer, for allowing him to be elected in Manitoba.

There is every reason to believe that Mr. Thomson will be elected for Welland by a handsome majority.

The Reform banquet at Toronto will, it is understood, take place about the second week in November. The arrangements are progressing satisfactorily.

The St. Catharines Journal (a very doubtful authority in matters pertaining to the intended actions of the Government) says it is rumored that the Hon. Stephen Richards is to be elevated to a judgeship—(this may be true); that the new Premier of Ontario, Mr. Mowat, will seek Niagara as a constituency, (which is extremely improbable); that Mr. Proudfoot, of Hamilton, will be appointed Vice-Chancellor, in the room of Mr. Mowat, resigned.

Sir John Macdonald will be at his wits' end to find a successor to Mr. Mowat in the Vice-Chancellorship, as all the prominent men of the Chancery Bar are Reformers, and it is not in the nature of the Premier to appoint a political opponent to office, be his qualification never so good.

One thing, experience most conclusively show Sir John, and that is that his organ, the Mail, is doing his case a vast deal more harm than good, and the sooner he "calls off that dog and puts on another" the better for himself. Snobbishness, unprincipled abuse and malicious fabrications are not relished by the people of this province, and they have recently shown it at the polls by the rebuke given to the Mail's party.

Hon. Mr. McKellar, Commissioner of Public Works, paid a visit to Muskoka about a week ago, accompanied by Rev. Horrocks Cocks, England, Alderman Dickey and Mr. Molesworth, C. E. The party took a trip on the tidy little steamer "Nipissing," and inspected several of the public works. The visitors were afterwards entertained at dinner by the people of Bracebridge, where there was considerable speechifying. Mr. McKellar expressed himself highly satisfied with his trip.

Mr. Mowat's successor in the Vice-Chancellorship is not known. The Globe says it is generally believed that Mr. Stephen Richards is the next man on the roster of the Minister of Justice in whose favor the promise of a judgeship must be fulfilled. (Mr. James O'Rielly, of Kingston, is said to have his promise in writing; but that is nothing—for Sir John). Mr. Richards is an able man, and though slow and apt to pay too much regard to technical points, would not make a bad puisne judge; but he knows nothing of Equity practice. Mr. Justice Gwynne was, however, a Chancery lawyer before his elevation to the Bench, and it is whispered that he might be persuaded to take Mr. Mowat's place, and leave room for Mr. Richards. By others, it is said that Mr. Gwynne will not consent to any change of position. The name of Mr. Dalton McCarthy is also mentioned, he having had enough of politics at last election. Mr. Christopher Robinson is also spoken of as a possible judge.

Death of an old Canadian Politician. The New York papers announce the death of Marshall S. Bidwell, a distinguished lawyer, formerly noted as a politician in Canada, but since resident in the city of New York, where he practised his profession with noted success. Mr. Bidwell was born in Stockbridge, Massachusetts, but emigrated to Canada at an early age, studied law, and became eminent as a lawyer. He plunged into politics about the time the difficulties arose in this country from the maladministration of public affairs by the notorious "Family Compact." He espoused the Liberal cause, was elected to the Canadian Parliament, and became Speaker of the House. Whether he took any active steps to bring about the rebellion of 1837 is not positively known, but that he was in correspondence with the insurgents there is little doubt, and it is almost equally certain that his sympathies were entirely with them. The correspondence which he carried on with the leaders was intercepted and placed in the hands of the Governor of Upper Canada, who before examining into its nature sent for Mr. Bidwell, and told him frankly that this correspondence was in his possession and that he had not yet opened it. He gave Mr. Bidwell the alternative of remaining in the country and abiding the consequences of examination and personal of that correspondence, or of leaving the country never to return, in which case the letters should be destroyed. Mr. Bidwell chose the latter alternative, and left Canada never to return, though, subsequently, all who were engaged in the rebellion of 1837-38 were pardoned, and Mr. Bidwell was invited to return and take part in public affairs, as many other of the refugees did. He took up his residence in New York, as already stated, and continued the practice of the law till the time of his death, which occurred very suddenly, while opening a letter in his office. Mr. Bidwell was a man of great ability, and a high sense of honor, and it was on this account that the Governor gave him the choice of abiding the opening of the intercepted letters or of leaving the country forever. It has been inferred from these facts that the letters were of a treasonable character, and knowing this Mr. Bidwell chose the course he did, and expatriated himself forever from the land of his adoption.—Hamilton Times.

There is difficulty in finding a jury when an Indian comes before an Ontario court. One of the panel being asked if he had any prejudice, replied: "No; only I've been chased by 'em, been in several battles with 'em, and would hang every devil of 'em at sight."

Judge Curtis, of San Francisco, is said to have received \$8,000 for his services in securing Mrs. Fair's acquittal.

CAUTION.

The Cornwall Manufacturing Company have pleasure in intimating the complete restoration of their works at Cornwall which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Frowds.

They regret, however, having again to call attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with a small percentage of pure Wool, and though slightly in appearance, closely imitating the Cornwall Blankets, and ticketed "Canadian Manufacture," have neither warm nor wear, but can be sold at a lower price than the Cornwall Blankets (which are made of Pure Wool) can be produced for.

The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the ticket of every Blanket made by them.
