Primier Abbott Signs Notes "For the Secretary of State."

exation Meeting at Tecumseh-

An Ottawa Telegram says: "When the Canada Gazette of Saturday was sent forthwith instead of Chapleau's signature to the official Government notices that of "J. J. C. Abbott, for Secretary of State," everybody's assurance that Mr. Chapleau was no longer Secretary of State was made doubly sure. It is quite usual in the Department of the Secretary of State, when State papers are ready for the Minister's signature and the Minister is away from the zapital that the Premier or Minister of Justice should sign for him, but Mr. Chapleau was away from the city only one day last week. A correspondent saw in the Priyy Council Department a certain State paper signed by Mr. Chapleau as Secretary of State. As prepared for his signature it bore the date of Oct. 26, but Mr. Chapleau, in the same ink in which he write his name as Secretary of State, changed the date to Oct. 24. He signed more than one State paper on Oct. 26, which was last Monday, but they bear date Oct. 24. From this it is evident that the much talked of article in last Monday's issue of the Government's Toronto organ denouncing Mr. Chapleau's claims to be Minister of Railways and Canals was not the cause of his resignation, but was caused by his resignation.

The Continental Club held a meeting at Tecumsch, Ont., Friday evening. Mr. John Dougall, clerk of Sandwich East, and a prominent Conservative, was in the chair. Addresses were made, favoring political union, by Sol White, M.P.P., and D. B. Odette. The meeting was a large one and unanimously passed a resolution in favor of annexation.

The petition against Col. O'Brien, M.P., for Muskoka, has been dismissed, costs on

No Basis for a Sensation.

Washington, Nov. 3.—The Secretary of the Treasury to-day said there was no warrant for the sensational warlike dispatches at this time. The United States has requested an investigation of the assault upon the Baltimore's sailors. An investigation was being made and nothing could be done until its results were known. He saw no reason for apprehension in the mind of the American public.
