It was just about to take place as you came is merely postponed."

"I say, though," said Dick, "you must have been going it, rather, you know. I've never been expelled. Has Chaw-ner been sheaking again? What have you been up to?"

"Nothing. I solemnly swear—noth-g. They're finding out things you've done, and thraching me."

"It's useless to argue with you, I see," said Paul. "And you've no feelings. But I'll warn you of one thing. Whether that is my body, or not, you've fraudu-lently taken possession of I don't know. If it is not, it is very like mine, and I tell you this about it. The sort of life you're leading it, sir, will soon make an end of you, if you don't take care. Do you think that a constitution at my age can stand sweet wines and pastry, and late hours? Why, you'll be laid up with gout in another day or two. Don't tell me, sir. "On, easy enough," said Paul, with a suppressed groan. "But, Dick, you don't go up to Mineing Lane in that suit and that hat? Don't tell me you do that! "Something like 'Shells.' He said he By a Great Gale in the British Isles. London, Nov. 4 .- This city is unprecedentedly isolated so far as telegraphic communication is concerned, the wires being down in every direction. Consequently no details of the damage wrought by the storm have reached here except from Helensborough, where a number of houses were unroofed and chimneys blown down.

A violent storm has been prevailing along the south coast of Ireland. The which is from the southwest, has raised enormous seas. No vessel attempted to leave Queenstown harbor esterday, but many are running in, seeking shelter. The workmen in the naval yard on Haulbowline Island, three-quarters of a mile south of Queenstown, have been unable to get o the city. No casualties have been sported, but many are expected owing to the exceptional fury of the gale.

CHARLEY'S APPOINTMENT. London, Nov. 4 .- The press association which was responsible for the an-nouncement of Lord Beresford's apnointment, said, later in the day, that admiral, in an interview at Shefneld, has denied having been appoint-ed second in command of the Mediterranean squadron. This is thought, however, only to indicate that the admiral regards the publication as premature, for, as announced by the Associated Press when the admiral re-turned to England from the United States, it is believed in well-informed quarters that his appointment to the post mentioned is imminent, if it is not already an official fact.

The freightmen of the eastern, western and middle divisions are represented on this delegation, of which Mr. Morrison is chairman, and Mr. Johnston is secretary.

They had a long conference with the general manager and principal executive officers at Point St. Charles, but on their return they were exceedingly reticient as to the subject of their deliberations

Mrs. Edwin Welbon (nee Lillian Wilkins), daughter of Mr. James Wilkins, the well-known Dundas street barber, arrived in London from Dawson City a day of two ago, and is visiting her father in West London. Mrs. Welbon accompanied her husband from Seattle to the Klondike a year ago last September. She remained in Dawson about a year. She says Dawson is a pleasant place to live in, and that she enjoyed it both in winter and in summer. She brought a number of interesting photographs of Dawson and vicinity. One splendid photograph of the city, taken from the opposite bank of the river last July, shows a prosperous-looking city, with shipping, wharves, ware-houses and substantial business blocks, nestling at the foot of verdure covered hills. Mrs. Welbon says Dawson Is still growing rapidly, and times are good. There are, however, a great many mining sharks, who get rich palming off salted claims upon the greenhorns. Ulcerations or Ulcerated Sores, no matter where they occur on the body, are an indication of bad blood. There is no means of curing them and healing up the sores unless the blood is purified, and there is no remedy can do this with such effectiveness as Burdock Blood Bitters. The case of Mr. John Couch, which we give below, is only another example of the wonderful thoroughness and permanency of the curing properties of B.B.B. Here is the letter written by Mr. Couch's daughter, dated Wiarton, Ont., Jan. 23rd,

"This is to certify that some years ago my father, John Couch, was troubled with ulcers in his tonsils. After suffering for about a year and getting no relief from the doctors, he was advised to try Burdock Blood Bitters, which he did.

"On taking the first bottle there was a great change for the better, and before the second bottle was finished he was completely cured. We have great faith in B.B.B. as a blood purifier and family medicine, and would recommend it to all those who suffer from any disease resulting from impure blood." ETTA J. COUCH.
