Desire to be Good

DEAUTY has been described as a glorious gift of nature, as a delightful prejudice, as a favor of the gods; whilst others have said that "Beauty is better than

all the letters of recommendation in the world." It isn't possible for all women to be beautiful, but none need be other than good looking.

Age will come, all too soon, to every one of us.

Meantime we can try to prevent the clear rosy tints of health being merged into sickly paller, and to avoid the infliction of eruptive blemishes on the face and skin. A WOMAN needs a good complexion and a soft, smooth skin, else her happiness is lessened and her charm to the other sex diminished. She needs also color in her cheeks, sparkle in her eyes and strength in her nerves, else she is pale, dejected

and her duties weary her. A MAN needs a clear skin and a wholesome complexion in business, else other men fight shy of him. He needs also strength, energy and vitality, else he will be

a laggard in life's struggle. EVERYBODY should have a smooth, rosy, firm skin, free from eruptive [] defacement. Neither men nor women can attain these things unless they pure, rich, red, vitalizing blood. It is a law of nature that it should be so.

If you are pale, wan and anæmic you cannot be good looking, but if you take (Dr. Campbell's Safe Arsenic Complexion Wafers and use Fould's Medicated Arsenic Soap regularly you can be, because they will gradually restore the roses to your cheeks, the fire to your eyes and brightness to your complexion. If you are of eruptive tendency or subject to pimples, boils, blotches, Blackheads, Freekles, or breakings out, it is needless to tell you how this handicaps your attractions and also your usefulness in life. But Dr. Campbell's Safe Arsenic Wafers will both purify the blood and restore its vital powers, and hence do you more real good than any other blood medicine ever prepared.
