53 KING EAST FACE PIMPLES ACNE

Under the Magic Touch

OF SCIENCE. Toronto, Jan. 16, 1892.

Dear Dr. McCully.—Referring to your request for me to state what you have done for my face. I have to say that before commencing to treat with you my face was simply disfigured with face pimples. No medicine ever did me any, good. They came out in great purple blotches, formed sores and went away, but to come be tagain. You removed these pimples without medicine either taken inwardly or applied. You did this without leaving any unsightly scars, and now I write you this letter for publication so that others may be able to take advantage of your skill and get cured as I have done:

Yours very truly, Miss G. Hiscock.

Yes! Dr. McCully iterats and cures pimples, but uses no medicine inwardly, and makes no external application of drigs. He uses no electricity, but he cures any face with as much certainty as day follows night. Dr. McCully, uses the Parisian method, and was taught it by a celebrated professor of skin disease while traveling on the continent. Any case can be cured. Ladies, any rough pimply face made smooth and velvety without a sear or mark behind.
