A Railway Possibility

The result of The World's agitation for a winter steamboat service between Toronto and Niagara has not been unsatisfactory so far. The most progressive business men of Toronto admit the existence of great possibilities along the lines that The World has been discussing.

Our agitation has brought out this fact very prominently, that the city of Toronto can be readily placed on the New York Central Railway system, with all the advantages that such a connection would give it.

Why, then, should Toronto not avail itself of the advantages of a new and desirable connection with a great railway system? As far as men who understand the situation can see, there is no reason why Toronto should not get these advantages if we only make a move.

THE MAYOR'S PARK SCHEME.

MANY CITIZENS ADDRESS THE PROPERT COMMITTEE.

Arguments advanced for and against the acquisition of the Upper Canada College grounds by the City—An attempt to flush the affair through an attempt by Mr. Lamb.

The Parks and Gardens Committee was honored yesterday by the presence of a number of prominent citizens. They came for the purpose respectively of assisting and objecting to the Mayor's latest plan—the purchase of the old Upper Canada College grounds.

The visitors were: Hon. J. Beverley Robinson, Charles J. E. Thompson, Dr. Thompson, Barrister R. L. Fraser, Dr. Barrick, Alexander Manning, D. M. DeFoe, W. R. Brock, John Rowland, M. Gibbs, S. E. McKinnon, W. D. Matthews, John Harkin, Q. C., S. H. Jones, John Ross, Robert G. A. G. W. W. D. Butler, Massey, Robert Jeffrey, E. W. D. Sidler.

Mr. Manning said those who were in favor of the purchase of the property should be heard first. The Mayor took the opposite side. He wanted those who were against the purchase to have the first say. The Mayor was the only speaker of his own motion. It was finally agreed to hear the speakers alternately.

Mr. Brock supports the scheme. W. R. Brock was the first to take up the subject in behalf of the Mayor's scheme. He considered it would be a valuable piece of property for the city to acquire.

THE LAW OF CONTEMPT OF COURT.

THE CANADIAN PRESS ASSOCIATION WANTS THE Dominion Government to Define It—Arrangements for the Annual Meeting.

At a meeting of the Executive Committee of the Canadian Press Association, held at the Rosin House yesterday afternoon to arrange for the annual meeting of the association and general business, this resolution was passed:

Moved by Mr. A. Pattillo, seconded by R. Holmes, That whereas J. Y. Ellis, editor of The St. John, N. B., Globe, has been imprisoned and fined under the law for alleged contempt of court, and whereas it is apparent that in his case the judicial prerogative of punishment by the exercise of that law was not unjustly strained, and whereas this case, whatever its own merits or demerits, indicates that the law relating to contempt of court in its present vagueness is liable to be stretched by unworthy judges or magistrates into an exercise of gross injustice and tyranny.

Resolved, That the Canadian Press Association resolve that the Canadian Parliament be so amended as to give the courts power to maintain the decency and dignity of proceedings in court, and power also to check and punish criticism or proceedings outside court, which may prejudice justice, or may before delivery of a judicial decision prejudice the court, there shall be no possibility of any citizen being otherwise subjected, without trial by his peers, to arbitrary punishment for any alleged contempt of libel.

There was considerable discussion over this case. The Canadian Press Association resolved that the Canadian Parliament be so amended as to give the courts power to maintain the decency and dignity of proceedings in court.
