

LOCAL AGENTS WANTED!

An Agent wanted for each Town and County in the United States.

Parties desiring to act as agents, must accompany their application by a letter of recommendation as to character and responsibility from and signed by the Editor of a newspaper published in the town or county for which agent proposes to act. The agency is to sell the bonds of the Industrial Exhibition Company

BONDS \$20 EACH.

The Industrial Exhibition Company will furnish agents with Circulars, etc., etc.

Each newspaper published in the town where agent is located will, as soon as agency is established, be given an advertisement, advertising such agency and the Company, and fully explaining the plans, purposes and objects of the Company. Such advertisement will continue in such papers as long as agency is successfully conducted.

The Industrial Exhibition Company is the first to adopt the plan so long in use by the European governments of issuing bonds when the principal is made secure and not risked, but where there is a chance for a large premium, an investment of \$20 is sure to return to the investor \$21—one dollar more than cost—and the holder of a \$20 bond may obtain a premium either of \$50, \$100, \$200, \$500, \$1,000, \$3,000, \$5,000, \$10,000, \$25,000 or \$100,000. The interest, which is ordinarily distributed to all the bond-holders pro rata, is in this loan distributed by chance. The purchaser of a bond knows he will receive back his investment, with a small rate of interest added, and in consideration of taking this small rate of interest, he has a chance in the above named premiums, which are simply the distribution of interest on the whole loan.

Each bond participates in four drawings each year, until it has drawn a premium, when it is surrendered, the premium paid, and the bond cancelled.

The Industrial Exhibition Company, under a special charter, granted by the State of New York, is given authority to issue these bonds. The Legislature of the State, recognizing the great benefits which will arise from the success of this enterprise, have exempted all the real estate and property of the Company from taxation and assessments for five years, and has also conferred other great privileges.

Every American who understands the purposes of this Company will, of a necessity, feel a pride in aiding it to a successful termination.

Each individual who buys a bond becomes an owner and an interested party, and when he views the structure erected with his money can say, "I aided to erect in our country the most magnificent building the world has ever seen, a palace which, in truth, represents the industry, energy and mechanical genius of the American people."

The manufacturers and the inventors of America are peculiarly interested in the success of this enterprise, for the reason that it is to be their home, where all their inventions and manufactures can be exhibited and sold.

The building will contain 5,320,000 square feet of space.

Purchasers desiring bonds before an agency is established where they reside, will communicate direct with this office, from where they can be supplied.

Parties desiring to act as agents or to purchase bonds will address

INDUSTRIAL EXHIBITION CO.,

No. 12 East 17th Street,

Bot. B'WAY & 5th AVE.,

NEW YORK CITY.

NOTE—All moneys by draft on New York, or Express, or postal order—charges paid by sender

**THE ALDINE COMPANY'S
NEW PUBLICATIONS.**

SOLD ONLY BY SUBSCRIPTION.

THE ALDINE; THE ART JOURNAL OF AMERICA.

This splendid enterprise is not only well sustained in every feature, but is being constantly developed and improved. It to-day stands without a rival in the whole world of periodical literature. The beautiful dog-portrait, "Man's Unselfish Friend," a chromo presented to every subscriber, is a decided hit, and will, if possible, add to the popularity which this work has gained. The Art Union feature also promises great and brilliant results, in arousing public interest in the fine arts. Circulars and full information on application.

Parts I, II, III and IV are now ready.

SUTTON'S

Leisure-Hour Miscellany.

To be completed in 40 parts, is issued fortnightly. Each part will contain an elegant frontispiece, originally engraved on steel for the London Art Journal.

REPRODUCING

at a price within the popular reach, engravings never before offered at less than five times the amount.

These plates have been the attraction of **The London Art Journal,**

Each part will contain 20 quarto pages, including the elegant frontispiece, on heavy plate paper. A superb title page, richly illuminated in red and gold, will be given with the first part, and the printing of the entire work will be a worthy representation of "The Aldine Press" which is a guarantee of something beautiful and valuable.

At a Cost of 25 Cents a Part.

**PARTS I, II & III ARE JUST PUBLISHED.
THE ART JOURNAL.**

Complete in 12 monthly parts, at \$1 each. Reproducing the best full page illustrations from the earlier volumes of The Aldine.

Each monthly part will contain six superb plates with accompanying descriptive matter, and whether for binding or framing, will be entirely beyond competition in price or artistic character. Every impression will be most carefully taken on the finest toned paper, and no pains will be spared to make this the richest production of a press which has won, in a marvellous short time, a world-wide reputation.

THE BEST PAPER, TRY IT.

POSTAGE FREE.

BEAUTIFULLY ILLUSTRATED.

The SCIENTIFIC AMERICAN now in its 36th year, enjoys the widest circulation of any weekly newspaper of the kind in the world. A new volume commences January 3, 1876.

Its contents embrace the latest and most interesting information pertaining to the Industrial, Mechanical, and Scientific Progress of the World, Descriptions, with Beautiful engravings, of New Inventions, New Implements, New Processes, and Improved Industries of all kinds; Useful Notes, Recipes, Suggestions and Advice, by Practical Writers, for Workmen and Employers, in all the various arts.

The SCIENTIFIC AMERICAN is the cheapest and best illustrated weekly paper published. Every number contains from 10 to 15 original engravings of new machinery and novel inventions.

ENGRAVINGS, illustrating Improvements, Discoveries, and Important Works, pertaining to civil and Mechanical Engineering, Mining and Metallurgy; Records of the latest progress in the application of Steam, Steam Engineering, Railways, Ship-Building, Navigation, Telegraphy, Aërograph Engineering, Electricity, Magnetism, Light and Heat.

FARMERS, Mechanics, Engineers, Inventors, Manufacturers, Chemists, Lovers of Science, Teachers, Clergymen, Lawyers, and People of all Professions, will find the SCIENTIFIC AMERICAN useful to them. It should have a place in every Family, Library, Study, Office, and Counting Room; in every Reading Room, College, Academy, or School.

A year's numbers contain 832 pages and SEVERAL HUNDRED ENGRAVINGS. Thousands of volumes are preserved for binding and reference. The practical receipts are well worth ten times the subscription price. Terms, \$3.20 a year by mail, including postage. Discount to Clubs. Special circulars and Specimens sent free. May be had of all News Dealers.

PATENTS In connection with the SCIENTIFIC AMERICAN, Messrs. MUNN & Co. are Solicitors of American and Foreign Patents, and have the largest establishment in the world. More than fifty thousand applications have been made for patents through their agency.

Patents are obtained on the best terms. Models of New Inventions and sketches examined and advice free. A special notice is made in the SCIENTIFIC AMERICAN of all Inventions Patented through this Agency, with the name and residence of the Patentee. Patents are often sold in parts or whole, to persons attracted to the invention by such notice. Send for Pamphlet, 110 pages, containing laws and full directions for obtaining Patents.

Address for the Paper, or concerning Patents, MUNN & CO., 37 Park Row, N.Y. Branch office cor. F and 7th Sts., Washington, D.C.

THE SCIENCE OF HEALTH.

PROSPECTUS OF

A New Independent Health Monthly.

The object of it is, to teach the people all that pertains to the preservation of Health, the prevention of Diseases, and how to live in order to develop normally in body and mind.

It is not a Medical Journal, but PHYSIOLOGICAL and HYGIENIC, a family magazine, containing just that practical information on the laws of Life and Health; useful to every member of the household, and cannot but be worth many times its price to every family in which it is read.

Quack Medicines, and quack doctors will be exposed, and swindlers will not be allowed to impose on the people where the SCIENCE OF HEALTH is generally circulated.

This Journal will be the exponent of all known means by which Health, Strength, Vigor, and a Long Life, may be attained by using and regulating those agencies which are always accessible and so vitally related to Health and the treatment of Diseases, including Air, Light, Temperature, Bathing, Eating, Drinking, Clothing, Recreation, Exercise, Rest, Sleep, Electricity, Mental Influences, Social Relations, and all Normal agents and Hygienic materials. All that is required to keep well and to preserve health, is a knowledge of the uses and misuses of these agencies.

The SCIENCE OF HEALTH will be the best exponent of the scientific principles of these subjects, and not the organ of any particular institution, or of the professional practice of any one but devoted to the best interests of the whole people.

Terms.—Published monthly at \$2.00 a year in advance; single numbers, 20 cents. Clubs often at \$1.50 each, and an extra copy to agent; we are offering the most liberal list of Premiums. LOCAL AGENTS wanted everywhere, and cash commissions given. Address all letters to
