

to other divisions which hitherto we have almost neglected, namely, the Diptera, Orthoptera, Hemiptera and Neuroptera.

The following works have been added to the Society's Library during the year :

"Monograph of the Diptera of North America." Part 3, 4 plates. By H. Loew.

"New Species of N. A. Coleoptera." Part 1. By J. L. LeConte.

"The Coleoptera of Kansas and Eastern New Mexico," 2 plates. J. L. LeConte.

"Synopsis of the Mélolonthidæ of the United States" J. L. LeConte.

"Catalogue of Coleoptera adjacent to the Boundary Line between the United States and Mexico," 1 plate. J. L. LeConte.

"Revision of the Buprestidae of the United States," 1 plate. J. L. LeConte.

"Report of the Entomological Society of Ontario for 1879."

"Report of the Fruit Growers' Association of Montreal, 1879."

The following were presented by the Royal University of Christiania :

"On the Mollusca of the Arctic Regions." One large volume and two pamphlets.

"A List of Norwegian Lepidoptera taken in 1876."

The Secretary and Treasurer's cash statement is submitted herewith, and shows the finances to be in a satisfactory condition.

In conclusion, your Council would express the hope that the members will not relax their efforts during the present season, and that the result of the summer's campaign will be even more favorable than that of last year.

The whole respectfully submitted.

GEO. JNO. BOWLES, President.

GEO. H. BOWLES, Secretary.

Montreal, 17th May, 1880.

---

CORRECTION.—On page 113—last *Satyrus* paper—is an error. Three lines from bottom, let the two lines beginning "Indeed the only," etc., be stricken out. It turns out that North Bend is in the extreme northwest of Indiana, and not on the Ohio, as I had supposed; and the statement I make is inapplicable in the connection.—W. H. EDWARDS, Coalburgh, W. Va.
