

NOTICE.

THE Subscriber, General Agent for the District of Gaspé, for the Sale of the GREFENBERG COMPANY'S MEDICINES, informs the Public that at length he has received, after considerable delay, direct from New York, a consignment of the Company's celebrated compound

EXTRACT OF SASSAPARILLA,

PRICE, \$1 PER BOTTLE.

The deserved estimation which this Medicine has so justly attained, has induced numerous persons to the dishonest system of imitating the Company's Preparation of Sarsaparilla, but the deception is easily found out.

As a purifier of the Blood, SASSAPARILLA is highly efficacious; and in almost all the disorders to which human nature is liable, its beneficial effects are great.

The well known and highly respectable character of the gentlemen connected with the Grefenberg Company, (now chartered by the State of New York), is a sufficient guarantee, that nothing spurious or useless should be honored with their Seal, and the General Agent considers himself bound to recommend the same to the District of Gaspé.

In the years 1832 and '34, during the prevalence of the devastating Cholera, SASSAPARILLA acquired additional recommendation; for it is a well attested fact, and every Medical writer on the subject has admitted it, that those persons who had been in the habit of using Sarsaparilla, were not liable to be attacked by that dread disease.

One Bottle of the above is equal in strength to four of those generally sold, and can be reduced so as to make a very pleasant daily beverage.

To ladies, both married and single, it is recommended as a highly important Medicine. In certain cases it is invaluable.

The Local Agents throughout the District are informed, that as soon as the roads are in good order, a quantity of the above shall be forwarded to them.
