"I have prescribed Hayden's Viburnum Compound in cases of labor with *Rigid Os* with good success."

**After-pains.** The antispasmodic and analgesic action of H. V. C. makes it of especial service in this the third stage of labor. It modifies and relieves the distressing after-pains and by re-establishing the tonicity of the pelvic arterial system it prevents dangerous flooding.

*Hayden's Viburnum Compound* contains no narcotic nor habit forming drugs. It has enjoyed the confidence and support of the medical profession for over a quarter of a century. Its formula has been printed thousands of times and will be cheerfully furnished with literature covering its wide range of therapeutic uses on request
