Triturates.

**N**O PHYSICIAN who reads aright the recent history of pharmacy but must acknowledge the great service that this handmaid of medicine is rendering, and the value of the new methods she has devised for administering drugs.

Not the least commendable of these is the tablet triturate which seems to have solved the problem of convenient medication.

We supply a very complete line of tablet triturates comprising most of the commonly used remedies of the materia medica. These tablets are made by the most approved methods, and for permanency, solubility and convenience, leave nothing to be desired. Each tablet is stamped with its individual number to prevent error. They are put up in glass stoppered bottles of 1,000 each, or cork-stoppered vials of 100 each.
