

The Council adjourned till eight o'clock.

The Council re-assembled at eight o'clock p.m. Dr. Allison, Vice-President, occupied the chair.

Dr. HENWOOD presented a statement containing a schedule of fees to be charged in the counties of Brant and Haldimand.

It was referred to the Registration Committee.

Dr. McLAUGHLIN presented the report of the Committee appointed to consider the advisability of adopting an intermediate examination in lieu of the matriculation examination.

The report, which recommended the Council not to make the proposed change, was adopted.

A number of accounts were presented and referred to the various committees, after which the Council adjourned till ten o'clock on Thursday morning.

THIRD DAY—MORNING SESSION.

The proceedings opened at ten o'clock.

Dr. BETHUNE, on behalf of the Registration Committee, presented a report, recommending that the tariff of fees for the counties of Brant and Haldimand be adopted; that the requests of S. G. Robinson, J. B. Baldwin, and J. S. Campbell for permission to practise be not granted, as contrary to the Medical Act; that the case of Dr. Bomberly, an Indian, and a graduate of McGill College, who desired registration in Ontario, receive the favourable consideration of the Council; that Dr. Mallory's request for registration be not granted until he comply with the requirements of the Medical Act; that Dr. Comfort be protected from prosecution till next examination; that Dr. Drummond, of Jamaica, West Indies, who applied for registration in the Dominion under a misapprehension of the terms of the Medical Act, be communicated with by the Registrar, and be furnished with a copy of the Medical Act; and that the report of the Public Prosecutor be referred to the Finance Committee.

The Council went into Committee on the report on Dr. Bomberly's case.

Dr. BETHUNE explained that he only desired to practise among the Indians, and that he desired to be protected from prosecution. He

had been prevented from attending the last examination by illness.

On motion it was agreed that Dr. Bomberly be granted a special examination.

The other clauses of the report were adopted in Committee and in Council.

RECIPROCITY IN REGISTRATION.

The PRESIDENT stated that he had received a letter from the Registrar of the General Medical Council of Great Britain, embodying a copy of the minutes of that Council, a copy of the British Medical Act, and other documents. He inferred from the communication that the British Council would be quite ready to interchange registration with Canada.

The communication was referred to the Registration Committee.

The PRESIDENT, having left the chair, moved the following resolutions:—

1. Resolved—That the President of the College of Physicians and Surgeons of Ontario be authorized to inform the Registrar of the General Medical Council of Great Britain that his certificate of registration to practise both medicine and surgery in Great Britain will be accepted by the Council of the College of Physicians and Surgeons of Ontario, as constituting a sufficient title to registration in the Ontario Medical Register whenever the Registrar of the General Medical Council of Great Britain notifies our Registrar that he is prepared to accept the certificate of registration in the Medical Register of Ontario as a sufficient title to registration in both medicine and surgery in the Medical Register of Great Britain; and that such registration shall be allowed in Great Britain upon the same terms of payment as required in Ontario, namely, two pounds sterling.

2. Resolved—That the Council of the College of Physicians and Surgeons of Ontario recognize the force of the principle enunciated by the "Medical Acts Committee" of the General Medical Council of Great Britain, that "while freedom of choice as to places of study ought to be open to all, the Committee would think it inadmissible that British students, intending to practise in the United Kingdom, should have the option of undergoing in any other country than their own the examinations which are to test their fitness for practice"; therefore, applying the same principle to Ontario students as is applied by the General Medical Council of Great Britain to British students, the Council of the College of Physi-
