

SAVORY & MOORE, 143, New Bond Street, London, beg to call the attention of the Profession generally, to some of the later preparations brought out in England, the purity, and uniform strength of which can be guaranteed.

GENUINE PANCREATIC EMULSION and PANCREATINE.

The reputation of these preparations is now so thoroughly established, that they may be said to be the only remedies of the description recognized and prescribed by the leading members of the Medical Profession. No small portion of their popularity is to be ascribed to the fact, that they are palatable to the most fastidious, keep good in *all* climates, and are readily miscible in water, milk, &c. In all cases where Cod Liver Oil fails to afford relief, or cannot be retained by the stomach, Pancreatic Emulsion and Pancreatine are the *only remedies* to supply its place, increasing weight, and ensuring strength and appetite; whilst in many cases they prove a most valuable adjunct to the Oil, which they assist in digesting.

PANCREATINE WINE.

A most pleasant vehicle for administering Cod Liver Oil, with which if shaken, it readily forms an Emulsion. This preparation when prescribed by itself will be found to be a powerful assistant to digestion, and as a remedy for this purpose is largely used in England.

PANCREATISED COD LIVER OIL: A reliable combination of Pancreatine with the Oil, rendering its digestion easy and rapid.

PEPTODYN, the New Digestive Digests all kinds of Food—the FARINACEOUS, FIBRINOUS, and OLEAGINOUS, (being a combination of the several active principles of the digestive secretions, Peptic, Pancreatic, &c.)

BEST FOOD FOR INFANTS, As Supplied to the Royal Families of England and Russia. Five grains of the Powder digests—100 grains of Coagulated Albumen, 100 grains of Fat, 100 grains of Starch. As Feeding Infants on the best, i. e. the most nourishing and easily digested Food, has recently occupied much of the attention of the Profession, and the fallacy and danger of employing Starch, in the form of Corn Flour and other high-sounding titles, has been repeatedly pointed out.

This Food resembles Mother's Milk more closely than any other kind, containing the highest amount of nourishment in the most digestible and convenient form.

DATURA TATULA, for Asthma and Chronic Bronchitis. Recommended by the Profession as a remedy of great power and usefulness in cases of short and difficult breathing, spasmodic coughing, &c. Grown only by Savory and Moore, and prepared in all forms for smoking and inhalation.

Wholesale of Messrs LYMAN, CLARE & Co., and Retail of the Principal Druggists in the Dominion and America.
