

Real Emergency Agents

PARKE, DAVIS & CO.'S HYPODERMATIC TABLETS

MEET EVERY REQUIREMENT.

They are freely soluble. They are *hand-molded*, not compressed. They dissolve completely in lukewarm water in a very few seconds. *Test them for solubility.*

They are active. Every agent entering into their composition is rigidly tested. *Their therapeutic activity is beyond question.*

They are of uniform strength. The content of each tablet is accurately determined, the medicament being uni-

formly subdivided by our method. *The dose is invariable.*

They are stable. They are molded by a process which insures firmness. *They do not crumble in shipping or handling.*

PARKE, DAVIS & CO.'S HYPODERMATIC TABLETS are real emergency agents. Prompt, efficient action follows their administration. There is never any delay, never any uncertainty. *Specify them when ordering.*

Supplied in tubes of 25—not 20, as are tablets of other manufacture;
25 per cent more medication for the same price.

Home-Made Buttermilk

EASILY PREPARED WITH LACTONE (BUTTERMILK TABLETS).

Professor Metchnikoff, the eminent bacteriologist, sub-director of the Pasteur Institute of Paris, in his book "The Prolongation of Life," shows that premature senility is probably due to putrefactive decomposition of waste material in the colon, with the absorption of toxins which cause arterio-sclerosis and other senile changes. He recommends the use of cultures of lactic-acid bacteria as a preventive of the putrefactive process, the most suitable vehicle for their ingestion being buttermilk.

Good dairymen's buttermilk is hard to obtain; but pure, fresh buttermilk from

LACTONE (buttermilk tablets) may be had every day in the year, right in one's own home.

LACTONE is a selected culture of lactic-acid bacteria, in tablet form. One tablet will convert a quart of fresh milk into buttermilk in 24 to 36 hours—buttermilk of most delicious flavor and possessing the full nutritive value of sweet milk—a refreshing beverage, an excellent food for invalids, convalescents and children.

Buttermilk from LACTONE is used and prescribed by many physicians. We suggest that you give it a trial.

LACTONE (buttermilk Tablets)—Bottles of .25. Full directions with each package.
