The 44th annual meeting of the Canadian Medical Association is to be held in Montreal during the first week of June, 1911, following immediately the official opening of the new McGill medical buildings, the Convocation and the McGill reunion. The Programme Committee would be pleased if all those who intend contributing to the scientific part of the programme would send in, as soon as possible, the title of their contribution, together with, if possible, a brief synopsis of the paper. Communications may be addressed to Dr. R. S. Birkett, Chairman of the Programme Committee, at 252 Mountain St., Montreal.

Yours sincerely,

EDWARD ARCHIBALD, M.D.,
