John Hall, builder, 17 Salem avenue, Toronto, has assigned to Henry Barber & Co.

# MUNICIPAL DEPARTMENT.

#### LEGAL DECISIONS AFFECTING MUNICIPALITIES.

REG. V. DALV. Judgment on motion by the defendant to make absolute a rufe nisi to quash his summary conviction by the police magistrate for the City of Toronto for an offence against the Liquot License Act on the ground that the magistrate improperly refused to hear the evidence of the defendant, relying on sec. 1 of the act to amend the Law of Evidence, 55 Vic., ch. 14 (O). Rule absolute quashing the conviction without costs, on the ground that the defendant's evidence was improperly rejected.

REG. v. BUTLER. Judgment on motion by the defendant to make absolute a rule nisi to quasi the conviction of the defendant by the police magistrate for the City of Ottawa for driving an omnibus in that city without first taking out a license in pursuance of a by law of the police commissioners. The defendant was a driver in the employ of the Ottawa City Passenger Railway Co., an incorporated company having the right to operate their railway on certain streets and claiming to be entitled to use omnibuses instead of cars on those streets. The defendant contend ed that the provisions of the by-law were in excess of the powers to "regulate and license the owners" of certain vehicles conferred upon the municipality by sec 436 of the Municipal Act; that there was no power to compel a driver to take out a license, and that therefore there could be no valid conviction for driving without one. Rule absolute quashing the conviction, with costs to be paid by the inform ant, usual order of protection to the magistrate.

McKay v. City of Toronto. Judg ment on appeal by the planniff from an order of Mr. Winchester, in chambers, dismissing the plaintiff's application for an order for particulars of the statement of defence of the defendant, Awde, who had pleaded "not guilty by statute," citing k.S.O., ch. 73, secs. 1, 13, 14, 15, and 20. and R.S.O., ch. 184, sec. 489, sub-secs 50, 51, and 53, the claim being for wrong ful seizure of a quantity of hogs by the defendant Awde, license inspector of the defendant Corporation, in the course of his duty as a public officer. Motion dismissed for the reasons given, both as to the validity of the plea and as to the order for particulars by the learned referce in his judgment.

REG. v. McGowan, - Judgment on motion by the defendant to make absolute a rule rusi to quash the summary conviction of the defendant by a justice of the peace in the district of Parry Sound, for selling liquor on Sunday, contrary to the provisions of sec. 54 of the Liquor License Act. The grounds of the motion against the conviction were, amongst others, that the convicting magistrate was a justice of the peace by reason only of his position areeve of the Village of Sundridge, and had no jurisdiction without that village 52 Vic., ch. 37, sec. 4), and that therefore the information laid before him was not laid before the justice "for" the district, as required by sec. 94 of the License Act : and that he had no power to convict, not being a justice "in" the district within the meaning-of section 99. For the magis-
