This is the eighth in a series of briefing papers published by the United Nations Association in Canada under the terms of a grant from the Donner Canadian Foundation. The general editor of the series is Firdaus James Kharas, who is also the author of this paper.

*The author wishes to express his appreciation to ambassador Gérard Pelletier, Canadian Representative to the UN for his advice and counsel. Some data is drawn from Doug Roche's upcoming book **United Nations: Divided World**. The author, of course, takes full responsibility for the text as it appears.*
