### UP-TO- DATE **PIANOS**

AT GOURLAY, WINTER & LEEMING'S  
WAREROOMS, 188 YONGE STREET

**S**ome musical instruments — a good violin, for instance—improve with age and use. A Stradivarius is none the worse for its being old; but there is little new in violin making, whilst in piano making there is something new every year. Hence the point is plain—buy a piano that is up-to-date, as well as one that improves with age and use.

Among Pianos the GERHARD HEINTZMAN  
is up-to-date and improves with years of use.

Five, fifteen, and twenty year old Pianos made by Gerhard Heintzman command big prices at auction or private sale, while the Gerhard Heintzman Piano of to-day is pre-eminently the most perfect exponent of the Canadian Pianomaker's art.

CALL AND EXAMINE  
—YOU WILL BE  
MADE WELCOME.
