

TEXT-BOOK  
OF  
NEWFOUNDLAND HISTORY  
(*ENGLISH EDITION*),  
OR,  
A SHORT HISTORY OF NEWFOUNDLAND.

BY THE REV. M. HARVEY.

---

**Notices of the Press.**

(*Atlantic Monthly.*)

While this little book necessarily appeals first to Newfoundland people, it is so clear and well arranged an account of a history which, in its early passages, is identified with the English possession of America, that it will be found of value to all students of our history. The writer is singularly well equipped for his task.

(*Educational Review.*)

This little work, of some 200 pages, is written in the smoothest and most effective manner of any similar text-book which has come to our knowledge. Its author, the Rev. M. Harvey, is the best known man in Newfoundland. Although we have perused his larger work on Newfoundland—a history which reads almost like a romance—we have read over again the abridged story with a pleasure which perhaps was only enhanced by our previous knowledge. The thread of development is never lost in the necessary change of scene; and a bird's-eye view of the whole is given, with details sufficient to give colour and life to the panorama. A series of appendices give most valuable statistical information respecting the Island. Any one who has not time to read the larger history of Newfoundland, can in this volume save the time and obtain the story in a very readable and beautifully digested form.
